

## Aurora Mill Rate Climbs To 51

Aurora — As predicted previously in The Era and Express, taxpayers here will be required to meet a two-mill increase in 1948. The Aurora council on Monday night passed a mill rate of 51 mills, but one mill is rebated for educational purposes by the Ontario government.

In an attempt to save bank interest, the council adopted the method of instalment tax payments to be effective this year. First payment will be made in June and the second in October. A penalty of one-half of one percent per month is chargeable on instalments not paid on the due dates. Town clerk Harold Clark explained that the usual discount could now be only one-half of one percent, the same as the penalty. Councillor John Sisman explained in recommending the instalment system that discounts for pre-payment amounted to \$1,000 last year, while bank interest charges were over \$1,200.

With an assessment of \$1,788,872, council found it necessary to provide for a budget of \$91,232.

This does not include street lighting. Aurora public school receives \$22,541.38 and a loan carried by overdraft previously of \$3,577.44. Aurora high school gets \$3,385.77. Of this total the Drew government gives \$1,788.87 by way of grant, making net educational charges of \$27,716.02. Amounts levied in the budget are as follows: county levy, \$7,476.93; public library, \$1,778.37; grants, \$1,050; disposal plant debentures, \$1,413.37; disposal system debentures, \$1,040.60; administration, \$8,205; office, fuel, lights, \$2,504.57; insurance, \$1,400; maintenance, \$1,892; protection of persons and property, \$7,816.37; relief and indigent patients, \$800; street lighting, \$3,700; streets and sidewalks, \$10,945; garbage collection and social sanitation, \$3,775; display plant extension, \$1,400; town planning, \$1,788.87.

The grant to the Aurora public library of \$1,788.87, or one mill, takes the place of \$1,250 previously made, plus heating and maintenance costs of an unestimated amount.

(Continued on Page 12)

## 109 U.K. Families 'Adopted' By Newmarket

Newmarket — The committee on Personal Parcels to Britain has finished packing the first quota of 80 parcels. Work by groups on Friday afternoons will be started on April 16 and will continue weekly. At present 109 British families have been "adopted" by Newmarket with 29 of these handled by individuals.

Those having parcels going to persons on the W.V.A. list may leave them at the Red Cross Depot on Friday afternoons for shipment overseas. This service is not available for private parcels. It was instigated by the Ontario government and is for the Personal Parcels to Britain service exclusively.

## Seek To Buy Lot For New Building

Newmarket — The Office Specialty Co. plans to build a new office building, according to a letter received by town council Monday night from G. L. Manning, general manager of the Specialty. The letter asked if the town would sell the lot on the west side of Prospect St. directly opposite the corner of Lydia and Prospect and said that if the property could be obtained, the company would build a new office building at that site.

## Boy Scouts To Collect Paper Salvage

Newmarket — The Boy Scouts will collect paper salvage on the west side of Newmarket on Saturday, April 17, and on the east side, April 24. The proceeds from the sale of paper salvage, for which there is a heavy demand, will be used in Scout activities and for the summer camp.

The Scouts will call at homes Saturday morning to bundle waste paper and place it at the curb for collection in the afternoon.

## Last Gathering Ere Home Vacated

Newmarket — The old home of the late Richard Willis family, 45 Prospect Ave., was the scene of a happy gathering recently when the family of Mr. and Mrs. Wilfred Travis (Willis) and Mrs. Travis's brothers and sisters gathered for the last time before vacating the premises which is to be the future site for an extension to the Office Specialty. The home at 45 Prospect Ave., the scene of many happy gatherings, rang with laughter as the boys and girls of yesterday recalled incidents of the past.

The surprise party was in the nature of a send-off for Mr. and Mrs. Travis who are now happily settled in their new home at 19 Botsford St. and will welcome their friends at any time.

Those present included Mr. and Mrs. Chas. Willis; Mr. and Mrs. Bert Willis; Mr. Edgar Willis; Mr. and Mrs. Gimblett (Mamie); Mrs. Rhoda Watson; Mr. and Mrs. Gordon Travis and family; Mr. and Mrs. Wilbur Travis; Mr. and Mrs. Harold Hilton; Mrs. and Mrs. Chas. Cumber and Mr. and Mrs. Albert Bailey and family.

## Last Rites Held For Mrs. J. H. Giles

Newmarket — Mrs. Almeta Giles died in York County hospital March 29 after an illness that lasted three weeks. She was born in Mount Albert, May 17, 1885, the daughter of Margaret and Arwed Case. On January 30, 1903, she married John Henry Giles who predeceased her July 15, 1941.

Mrs. Giles was identified with the Friends' church which was her chief interest. She was an ardent follower of the Newmarket softball teams. Her son, the late Clifford Giles, played on a semi-finalist team in the early 30's. Sewing and crocheting were pastimes.

Surviving are two sons, Kenneth and Jack Giles, and a daughter, Mrs. W. A. (Deane) Muirhead. Her son, Clifford, predeceased her March 4. Also surviving are brothers, Frank Case, Walter Case, John Case, Fred Case and Clarence Case, and sisters, Mrs. George Pegg, Mrs. Christopher Jones and Mrs. Ernest Kunow, Palmyra, N.Y.

Funeral services were held at Roadhouse and Rose, Thursday, April 1, conducted by Rev. M. E. R. Boudreau. Interment was in Newmarket cemetery. Pallbearers were Murray Case, Kenneth Case, Arthur Case, Morley Case, Allan Case and Floyd Pegg, all nephews of the deceased.

## QUADRUPLET LAMBS BORN ON MARSH FARM

Above are shown four lambs and their mother belonging to Alfred C. Marsh, Gorham St. They were born on Sunday, March 28, and mother and lambs are quite healthy. To solve the feeding problem, Mr. Marsh turned one of the lambs over to another mother the same day and three stayed with their own mother. Four lambs to a ewe is a rare event.

## Employment Good Local Office Says

Newmarket — The general employment picture continues to be good with all indications that the seasonal increase in demand will soon absorb and exceed the supply, according to the monthly report for March from the employment office. There are no active or pending labor disputes in the Newmarket zone.

There was a seasonal increase in orders for farm labor during the month, but the right type of labor is scarce. Many of the jobs available are continuing and it is not expected that the use of displaced persons will affect the agricultural labor shortage. Industrial employment continues to be high with more orders being received than in the previous month. The greatest shortage of labor is in the female 18-30 age group. Male labor is not in great demand for manufacturing.

The seasonal up-swing in the construction industry has commenced and the demand is mostly for trim carpenters. However there are still construction laborers unemployed. The seasonal pattern is expected to continue with an increased demand for rough carpenters and then for unskilled labor. Orders for labor in trade, wholesale and retail, are light.

Orders for service labor are being received but there are few applicants. The summer resort areas usually get their supply of unskilled or semi-skilled labor from among students.

### ON JURY DUTY

Aurora — Mr. Charles Malloy is serving on Grand Jury in Toronto this week.

## Urges Installation Of Storm Sewer

Newmarket — The town council Monday night accepted the recommendation by engineer Denne Bosworth for the installation of a storm sewer on Main St. to run between Loblaw's and Spilletto's store. Mr. Bosworth advised the construction of the sewer with a catch basin on the east side of Main St. 15' deep and a 24" pipe to the creek, so constructed that it would lie under a building, permanently encased in concrete. He estimated the cost at \$1,916.

Mr. Bosworth said that part of Main St. carried water from as far away as behind the hotel and on Timothy St. during a rain storm and water often flooded the floors of stores level with the sidewalk.

### MEMORIAL INSCRIPTION

Newmarket — The Newmarket Veterans' Association is seeking suggestions for an inscription for the memorial to the veterans' plot in Newmarket cemetery. The inscription should be 200 letters or less. The association asks that suggestions be sent to Fred Cass, 55 Prospect Ave., or mailed to post office box 355.

### PAY W.I. GRANT

Newmarket — A motion to pay the Women's Institute the usual \$500 grant in installments for the operation of the women's rest rooms on Botsford St. was passed at the council meeting on Monday night.

## Seek Sewers In Wesley St. Area

Newmarket — A petition asking for a sewer system and signed by 100 percent of the property owners in the area of Pleasantview Ave., Wesley St., Strigley St. and Vale Ave. was read at council meeting on Monday night. Councillor Frank Bowser said that the project could be carried out as a local improvement with the property owners paying 75 percent of the cost and the town 25 percent. The matter was turned over to engineer Denne Bosworth to make an estimation of the cost of a low drain sewer and a high drain sewer. A low drain sewer would take water at cellar level.

## PLUMBERS TOLD OF PENDING CODE

Aurora — Over 80 plumbers and municipal representatives attended a meeting in Aurora last week where they heard an outline of pending provincial legislation to set up a plumbing code for non-urban centres. The code sets forth standards of plumbing and provides for the licensing of practising plumbers and inspection of their work.

Sam Dickey, Vancor, who has conducted a preliminary survey of plumbing in York county, exhibited samples of work and discussed the effect of the legislation on York plumbers. He strongly urged the establishment of a government school in the county so that plumbers might take refresher courses in theory before writing exams for licenses.

Newmarket — The fire call today noon was a grass fire.

## Industries Assume \$10,000 More Tax

Newmarket — The industries of Newmarket have agreed to assume a larger share of the financial burden of the town by absorbing \$10,000 of this year's increased tax demands.

Deputy-Reeve Jos. Spilletto, chairman of the finance committee, made the announcement at Monday night's council meeting. He prefaced his report by saying that it was one of the most important to be presented to council in many months and that he felt privileged to be the one to do it. He said it was important to council, the ratepayers and the citizens. He expressed appreciation toward the industries for their co-operation.

In terms of assessment the assumption of \$10,000 represents an increase of approximately \$225,000 in industrial assessments. The amount industries will pay will vary with the mill rate, but in round figures they will be paying in this and succeeding years, \$10,000 more annually in taxes than in previous years.

Mr. Spilletto said that it was decided to meet with the heads of the industries when it was discovered that there was a pending increase of \$14,000 in

### APPROVES REPAIRS

Newmarket — The medical officer of health, Dr. L. W. Dales, said this week that he had inspected the repairs and renovations in plumbing at Alexander Muir school and found them "most satisfactory." Sanitary arrangements at the school had brought criticism last year as being inadequate, but Dr. Dales now reports them in excellent shape.

school estimates, on top of increased estimates by other committees. In two years, there has been an increase of \$32,000 in school estimates. All this, with the loss of profits from the operation of the electric power system, presented the town with a serious financial problem. Mr. Spilletto said that this increase in industrial taxes assures the ratepayers that in the pending equalization of assessment, there will be no general increase in assessed values or in the proportion that assessed values bear to actual value.

A motion was passed in council to send a letter to the industries that would express appreciation for their co-operation.

## Collis Asks Use Of Town Disposal Plant

Aurora — The Aurora council will hold a special session sometime this month to consider a request by the Collis Leather Company to dump its effluent into the municipal sewage system so that it can be disposed in the town disposal plant.

The request was made in a brief presented by Dr. Paul Beer, managing director of the company. It urges that a test be made, citing a similar arrangement in Ballston, as precedent and with the company assuming the responsibility for damage or claims.

The brief cites the history of the company's efforts to improve their disposal methods costing an expenditure of over \$80,000 since 1939. The brief says that having exhausted all efforts to improve the tannery disposal system there is a danger of legal action if nothing further is done.

In which case, the brief states, the judge may accept the argument that all has been done that is possible, or the tannery may

be ordered to make improvements beyond the capacity of the firm. The brief says in that case, the plant may have to move to another town.

At present, the tannery has a disposal plant that takes care of a large part of the waste material. The heavy substance is taken out and what is left is drained into the creek. The effluent which goes into the creek has caused a number of public complaints and the company has also been faced with the problem of finding a place to dump the heavy sludge material extracted by the disposal plant.

The directors have often considered the advisability of moving the plant to Acton on the premises of the Beardmore plant where both tanneries could be run more efficiently, said Dr. Beer's report. "I mention this as a possibility but one which we do not wish to realize," he said. "I only mention it as a possibility if and when the court verdict is unfavorable to our cause." (See Pg. 7)

## Housing Project To Be Continued

Newmarket — The Central Housing and Mortgage Corporation, the crown housing agency with which Newmarket has been negotiating for the construction of 50 homes, wired early this week the negotiations would continue following an announcement of the resumption of housing projects in Ontario by Rt. Hon. C. D. Howe.

Last week, the housing plans for Ontario were cancelled following the passage of legislation in Ontario which, Mr. Howe charged, would undermine existing housing agreements between the crown and municipalities where the houses would be built, and prevent future agreements.

Premier Drew withdrew the legislation following Mr. Howe's action, saying that he would not let any legislation interfere with the crown project. He said that Mr. Howe's interpretation of the bill was wrong, that it was not intended to interfere in the crown program but was intended to apply only where there were instances of distress among municipalities as a result of wartime housing agreements.

It is expected that under the terms of a new Ontario housing aid bill that provincial aid in financing can be had for Newmarket in the low rental project. Fifty homes are scheduled for Newmarket although there have been 104 applications. The homes are limited to veterans and will rent a ceiling of \$37.50 or less. The homes will be built on the east side of Newmarket south of Eagle St.

### SKATES IN ICE SHOW

The Highland Fling by Shirley Andrews, Newmarket, was one of the features of the Ice Landia Skating club 1948 Ice Fantasy, presented by the Barrie Kiwanis and Lions clubs.

## GRASS FIRE SEASON, BE CAREFUL - FIRE CHIEF

Newmarket — Fire Chief Joe Brammer warned against starting grass fires unless there is the proper equipment to take care of them in a statement last week. "This is a grass fire season and fires should not be left unwatched," he said. Children are a big cause of grass fires when they start them and wander away and leave them, he added.

Meanwhile, grass fires have kept the fire department busy. The whistle blew three times on Saturday and Sunday and twice on Monday, all for grass fires, but none were serious. Sunday night there was a call out of town.

On Monday morning a call came in for Lorne and Park Ave. but on arrival of the two trucks in the area, no fire could be found. In the meantime, the call was phoned "out." Monday afternoon a grass fire got out of hand at Wesley St., behind the recently constructed house of Clarence Allen, but was practically out when the department arrived.

### AT O.E.A. FESTIVAL

The Aurora Girls' Ensemble was one of the choirs that took part in the O.E.A. festival at Harbord Collegiate, Toronto, last Friday night. Pupils from Toronto, Orillia, St. Catharines, Aurora, Barrie and North Bay took part in the annual music festival. Master of ceremonies was G. Roy Fenwick, director of music for Ontario.

Era and Express Classifieds bring results.

A number won one-pound tins of Nielson's cocoa. Door prize, a cake, donated by Chapman's Bakery, won by Mr. O'Brien; lone hands prize, donated by Mrs. Norman Rodgers, Armitage, won by Mrs. H. Brammer, Newmarket.

Will members of the Institute and ladies of the community note change in meeting date to April 21, at 2:30 p.m., at the home of Mrs. Wm. Farren, Sr. Master Ronnie Beckett, Queensville, spent a few days with his uncle and aunt, Mr. and Mrs. G. Beckett.

The W.A. and W.M.S. will meet at the home of Mrs. Wm. Farren, Sr., Wednesday, April 14.

Health lecture in Aurora April 15.

Mrs. Arthur Evans and Elgin spent two days last week in Toronto.

The Era and Express is sold in Newmarket at Campbell's, Murray's I.D.A. Drugstore, Best's Drugstore, Hutchinson's, Myers', and the Corner Cupboard; in Aurora, at Morning's Drugstore, Hess' I.D.A. Drugstore, Willis' Drugstore and Whitelaw's.

## KESWICK

Mr. and Mrs. Roy Watts and George, Queensville, spent Sunday at Mr. Byron Cunningham's home.

Classifieds bring results.

## BROWNHILL

It is quite spring-like and now that the floods are clearing away and the roads are in a much better condition, it is to be hoped that the mail will get through more regularly.

Mr. and Mrs. John Thompson have already most of their garden planted.

Mrs. Warren Sedore has gone in training for the great swims of the summer. Maybe Mrs. Sedore plans on entering the C.N.E. marathon.

Friends of Rev. and Mrs. Bosko wish to extend their heartfelt sympathy in the loss of Mrs. Bosko's mother, Mrs. Holmes.

It was pleasant to have such a nice attendance at church and Sunday-school on Sunday, April 4. There will be church and Sunday-school from now on each Sunday. Everyone is welcome.

Mrs. John Chappell found it necessary to return to York County hospital for a few days. She then went to Toronto and had some treatments and is now home again. We hope she is doing alright now.

Mr. and Mrs. John Williamson were at the home of Mr. and Mrs. Ken Williamson over the weekend.

Mrs. Hilliard Miller visited Mrs. John Miller during the Easter weekend.

Mrs. Maude Samas and Mrs. Gladys Bigger have just returned from Florida after a fine motor trip which they made in ten days. Both reported a wonderful trip.

Delmer Darling has now returned to Toronto.

I haven't had a chance to tell you of the wonderful party we all attended at Brownhill school.

There were plays, poetry, Norcen Miller's Smiles and Readings. The children were all on their best behavior and to top it all, tea, cake, cookies, and cocoa for the children. Words aren't made that can tell you what a lovely time our Easter party provided, so may we say "thank you" to Miss McKenna and the school children who made such a pleasant afternoon for all who attended.

Mr. and Mrs. Henry King now have their baby daughter home again.

Our Brownhill Variety Shop is conveniently located in Mrs. Williamson's sun room where articles of clothing and little nick-nacks are sold.

Mrs. Margaret L. McNertney is in Toronto. She has had a severe stroke and one side is still paralyzed. Anyone from Brownhill wishing to send letters or cards can do so by addressing letters to 23 Alton St. E., Toronto, c/o Mrs. R. Smith.

Mr. Reford Sedore now has his two raccoons back home again.

Mr. and Mrs. Frank Fountain and son, Bob, of Newmarket, visited Brownhill for a short while on Sunday.

Mr. Kenneth Williamson was home on Monday.

We have just heard that Mrs.

Margaret McNertney has been moved to Mr. McNertney's sister's. But get-well cards and letters can be sent to the same address for her. We hope that Mrs. McNertney is soon better and able to be home again.

Mr. and Mrs. Arthur King visited Mrs. Francis Sedore on Sunday.

## WILLOW BEACH

Miss Margaret McEachern spent Sunday with Mrs. A. Chapman.

Mr. and Mrs. Murray Sinclair motored to Toronto on Sunday. A number from Willow Beach attended the anniversary banquet of the Belhaven W.I. on Tuesday, March 30.

Mr. and Mrs. Carman Marritt visited Mr. and Mrs. Connell Marritt on Wednesday.

## SCOTT COUNCIL

The council for Scott twp. met in regular monthly meeting at the twp. hall in the afternoon of April 3 and all members except councillor Profit, who was ill, were in attendance.

A solution was passed repudiating bill for unauthorized fuel supply, also renewing highway insurance with A. E. Wilson & Co. By-law was passed setting April 19 as date for holding Court of Revision to consider appeals against assessment roll.

Hydro contracts of Messrs. Douglas Stiver, Milton Keffer, Arnold Welsh and Mrs. Evelyn Curl were accepted. Resolution was passed, by-law to follow, setting the amount of \$5 per day while engaged at assessing and to include dog tax collection as assessor's salary for future.

Mr. Leask, twp. auditor, presented his report which was carefully scrutinized by council and adopted.

Accounts passed: Dr. Wilson, salary three months M.O.H., \$44; Gordon Foote, two cords 16" hardwood, \$14; A. E. Wilson & Co., \$114; Fred A. Leask, auditor and additional work and expense, \$175.

Council adjourned to meet on Saturday afternoon, May 1.

## EAST GWILLIMBURY

The regular monthly meeting of East Gwillimbury council was held in Sharon hall Saturday, April 3. The council granted Walter Proctor leave of absence due to illness. The tender of Wm. Ianson to supply power to operate the drag line of \$1.70 per hour was accepted. The tender of Stewart Triviss to supply power and operate the stone crusher at \$1.80 per hour was accepted.

The Mount Albert park board has qualified for the maximum Briggs memorial grant of \$1,000. By-laws were passed for the purpose of borrowing money from the Dominion Bank, Mount Albert, and the Bank of Montreal, Newmarket.

## SHARON

Mrs. Ferguson and Mr. Wm. Lawson, Newmarket, visited Mr. and Mrs. Jas. Lunney on Sunday.

Miss Mary Weddel of Oshawa General hospital spent Tuesday last at home.

Mr. and Mrs. Lindsey Ramsey, Streetsville, visited at the home of Mr. and Mrs. Levi Weddel on Sunday.

Mr. and Mrs. Elmond Glebe, Mary Ann and Mary Jane, Gormley, visited Mr. and Mrs. Thos. Collins on Sunday.

## KETTLEBY

The deepest sympathy of the community is extended to Mrs. W. Muirhead whose mother, Mrs. Affleta Giles, passed away in Newmarket on Monday, March 29.

Mr. and Mrs. Ed. Haines attended the dinner and entertainment given by the Holstein Friesian Association at Robinson's Cotton Converters Mill, Woodbridge, on Wednesday, March 31. About 300 guests were present.

Mr. and Mrs. Peter Muirhead were in Pontiac, Mich., visiting Mr. Muirhead's mother several days last week.

Guests of Mr. and Mrs. Sproule for the weekend were Mr. Sproule's father and mother and two brothers, David and Hughie, and Mr. and Mrs. Mair with their two daughters and one son, who have recently arrived from England to make a home in Toronto.

The regular meeting of the Ladies' Guild will be held at the home of Mrs. Harry Sibley on Tuesday, April 13. As this is a social meeting, we should like to see all members present. Easter guests of Mr. and Mrs. Jack Harmon were Mr. and Mrs. Harry Truman and son, Gary, Mr. and Mrs. Fleming and daughter, Jean.

Master Bob Phillips is spending his Easter holidays in Lindsay.

The friends of Mrs. Tom Wilson will be glad to know she is home from hospital. The service of Holy Communion will be celebrated at Christ church, Kettleby, on Sunday, April 11, at 3 p.m.

## What's the unusual feature of the family income plan

The Family Income Plan is a life insurance policy specially designed for the man with a family. A small additional cost to the ordinary life premium provides a \$10 or \$15 monthly income for each \$1000 of protection. In the event of death before a specified age, this income is paid regularly to his family until this age would have been reached. At the end of that time his family receives the full face value of the policy in addition. This plan is particularly valuable before the time children become self-supporting.

Providing life insurance service since 1869

The fire that destroyed the home of Mr. and Mrs. Carl Burns, Oak Ridges, was scarcely out before neighbors began calling with offers of assistance. The Burns lost everything in the fire. Mrs. Burns with Larry, 1½, and Marie, 2½, smiles her gratitude as she prepares to move into the new home.

Mr. Burns and his neighbors built this new house in record time. Mr. Burns' employer supplied foundation material and assisted Mr. Burns pick up other building material. His fellow workers and neighbors pitched in on their leisure time and helped him build it.

## FARM BULLETIN

## WEEDS ARE WASTEFUL

Weed control should be every farmer's business because weeds are a definite menace to his livelihood. Crop losses from weeds are at least twice as high as taxes on tillable land. One wild mustard plant, for instance, takes 7/10 of a pint of water daily, four times as much potash and twice as much nitrogen and phosphoric acid from the soil as one oat plant does.

Weeds may be classed as annual, biennial and perennial. Each type has its own characteristics and presents its own problem.

Weed control is only one of

the many troublesome farm problems which practical men at experimental farms and agricultural colleges are dealing with. The knowledge and experience of these men are yours for the asking. Prosperous farmers are making use of this service continually, lessening work and increasing crop yields.

For 93 years Canadian farmers have made good use of the service of money offered by this Bank. We invite responsible men and women to take their financial problems to the experienced, friendly manager of our nearest branch.

## No Time For Tomfoolery

If the results of the housing shortage were confined simply to inconvenience and a few minor discomforts, the political tomfoolery of last week could be looked upon with some tolerance. But the housing shortage is a threat against the unity of the home, the health of the nation and the normal growth of children.

The jamming of growing families into two and three rooms or into the already crowded quarters of relatives places a strain on domestic life that has too frequently caused the break-up of otherwise happy marriages. The quick spread of scarlet fever in Newmarket was attributed in part to the crowded living conditions here. Suppose it had been a more deadly disease? And what sort of home life is there for children eating, sleeping and living in the same room? No wonder they stay out in the streets.

The housing shortage can do more harm to Canada than any other single post-war problem. Evidently, its seriousness is not recognized or it would not be kicked around so lightly heartedly by those who profess to serve the interests of the people. In the space of a week, Newmarket learned it was to have a housing program, learned that it was called off, learned that it would be resumed. It's hardly the sort of treatment that creates confidence.

On the surface, the situation came about when the provincial government passed a bill which in effect would make the province the arbiter in agreements between municipalities and the crown. The Rt. Hon. C. D. Howe found the legislation an insurmountable barrier to further low rental housing projects in Ontario and ordered those not underway to be cancelled. Premier Drew thereupon withdrew his legislation and Mr. Howe ordered the resumption of low rental housing.

In between the three acts of the drama was the charge and countercharge of refusals to co-operate. Possibly, that is where the real fault lies, in the animosity which exists between Queen's Park and Ottawa. If that indeed is the underlying reason for the farce that was played last week, then it is increasingly obvious that Canada cannot afford to tolerate it any longer.

## Union Repudiates Communism

There is a disposition to tar all unions with the communist brush. It is an act of lamentable ignorance, ignorance that has been put to unscrupulous use in the past to direct attention away from a union's just grievance to a concern with the color of its politics. It is not a pleasing tactic, but crying "Red" has often reversed the sympathy of the public.

It is labor's fault. There was a day when a large segment of Canadian labor swore a brotherhood of purpose with the Communists and in the association, all of organized labor lost. Now there are reports that the Canadians are carrying out a thorough house-cleaning. It will be a lengthy process, but statements, such as that printed in The Era and Express last week from the National Union of Shoe and Leather workers, will do much to speed progress.

The National Union of Shoe and Leather Workers, with two locals in Aurora, says flatly that it has "had a record of being consistently anti-Communist since its origin". The statement leaves no doubt of the union's awareness of Communist intentions when it further observes that there "is no place for Communism" in a program which sets up for its goal a program of negotiation in a "fair, sincere and honorable manner" with management.

And in a final repudiation of Communist doctrine, it states the belief that "by working together with management, we can accomplish more for the common good".

## Refresher Courses Necessary

The establishment of plumbing standards and the licensing of plumbers in non-urban districts, as provided for under pending legislation, should be welcomed by practising plumbers everywhere. For one thing, it will protect the conscientious plumber from the amateur workman. For another, it will provide a standard of training for young men entering the trade. And because of the inspection that is made obligatory, the householder may be confident of having his work done properly.

However, the new regulations are being greeted by many plumbers with strong objection. The critics are plumbers who have been working at their trade for many years, who have learned by trial and error, and although as competent as schooled plumbers, they are without the necessary knowledge in theory. They fear that they will lose their only means of livelihood if they fail in the exams for their licenses.

Mr. Sam Dickey, Vaudreuil, who has been acting as an advance man in forming county plumbers of the meaning of the new legislation, has been bitterly protesting the lack of "refresher courses" for self-taught plumbers. Mr. Dickey has insisted that a short period of instruction, open to all practising plumbers, is necessary before licensing exams.

Mr. Dickey cites, with considerable justification, the instruction given in rehabilitation schools where plumbers are turned out in two years. Yet for their lack of knowledge on theory, plumbers of many years working experience will fail to qualify. Practising plumbers should have the opportunity to receive skilled instruction before being put to test, he argues.

Mr. Dickey has a good point. Licensing legislation is necessary but if it is to succeed in its purpose, it must make provision for preparation of the practising plumber who may be long in experience but short in theory. These men should not be deprived of their livelihood without the opportunity to prepare for the qualifying tests.

## What Can Be Done

The Maple Cattle Breeders' Association has an enviable record of growth and service to the breeders of York and adjoining counties. Its annual report, published last week in The Era and Express, notes a membership in 1947 of 685. Six thousand, eight hundred and ninety-six cows were bred through the association in the year. Formed as a co-operative effort, it has grown so large that this year it must employ full-time officers.

The point about the Maple Cattle Breeders' Association is that it demonstrates what can be accomplished by farmers to help themselves. The Maple Association is a home-brew effort by a small group of cattle breeders who, convinced of the advantages of artificial insemination, sold the idea to others and in a community of purpose have accomplished for themselves what they could not do singly.

The farmer is a good neighbor but though he'll help build a new barn for you, and lend a hand when sickness strikes, he is still a pretty independent fellow, at times too independent to see the advantages that he can share by working with the other man. Time and time again, he has let others sell him essential services that in company with his neighbors, he could have provided for himself at far less the cost. His marketing system, for example, is in the hands of middlemen, yet most of it could be under the direct control of the producer through co-operative action.

The farmer excuses his inaction by saying that group efforts just don't work, and he helps contribute to that belief by staying away in large numbers from meetings of the various farm organizations which have been set up in his interest—and by his absence limiting their value. The example of the Maple Cattle Breeders' Association shows what can be done, and what must be done if the farmer is ever to reach his rightful place in the economic system.

# "PHOOEY ON THE A-BOMB!"

## Cat Nips

BY GINGER

What a devil of a mess Henrietta Delriddle de Cadiz has gotten herself into. Ever since she was found with that Russian tomcat—investigating conditions in the sturgeon industry—or so she said, her life has been suspect. Joe-the-printer's committee for investigation into un-Canadian activities tabbed her last Monday night and asked her all sorts of embarrassing questions about her association with this Russian tomcat.

They just wouldn't believe that Henrietta's connection with the Russian was on the highest possible plane. As is well known to me as witness Henrietta's late love, Homer—the gal just can't keep her eyes off men and this Russian tom apparently is some gigo.

Just before Henrietta appeared before the committee, she said to me that she would never turn against this Russian, that he was her man and she would not do him wrong. Even under threats with the rubber hose, Henrietta maintained a noble silence and said no more than that she and the Russian had been studying the sturgeon industry because the tom wanted to establish a caviar factory in Canada. She was promoting good relations, she claimed.

Poor Henrietta. In the meantime, word has gotten around about Henrietta's suspect position and the mob has turned against her. This pressure is forcing Dizzy into a life of crime. Saturday night, she was caught stealing fish from Brice's and since she has gone underground, I think she is holed up in the basement of the waterworks.

The other day, before the probe by Joe-the-printer's committee, Henrietta attempted to plead her case on Main St. but was mobbed by students who gathered around her and sang: "You can have her, we don't want her, she's too red for us!" just like they did to Henry Wallace in Brooklyn.

What the outcome of it will be, I don't know, but it is certain that Henrietta's darkest hour has come. Whether it is prelude to the dawn, who can say?

It's Kismet, boss, Kismet.

## Is This A Free Country?

(The Financial Post)

When a strange motorist drives into Alberta he must register with the provincial authorities within 36 hours. Why he must do this has not been satisfactorily explained. Such a rule does not apply in the other provinces of Canada nor in the great majority of the states across the line. As a special attraction to tourists it is certainly not to be recommended.

It's about time officials in some of the provinces of Canada grew up and realized that they were not administering a sovereign state but merely a part of a big and what should be, a free country. There should be no provincial barriers, petty or otherwise. In a world that is cursed with restrictions surely within our own boundaries we can set an example.

A motorist who complies with registration in one province should be acceptable without further red tape or restriction, to the others and the same should apply to states across the line, if we really want to encourage tourists.

And there should be similar reciprocity in other lines, too. It is grossly unfair and it is dangerous to try to prevent a citizen trained in one province from using that training in another, yet several of our provinces are guilty of such a practice. Moreover, some of them also, at one time or another, have tried to set up restrictions which would interfere with the free movement of goods, manufactured, processed or grown in another province.

This sort of thing is all wrong. If we ever hope to become a nation there should be no man-made restrictions from Cape Breton to Vancouver Island and all citizens and all business should have equal opportunity no matter where born or located.

## ails Do Not Reform

(Vancouver News-Herald)

During the first 22 years of his adult life, Patrick O'Halloran has been jailed 70 times, or more than an average of three times a year. Now he has been jailed for the 71st time.

Pat is a tough, case-hardened Irishman of 42 years. By avoiding strenuous work and by flourishing in the parish, he may flourish another 42 years and beyond and may well score an all-time record of over 200 prison experiences.

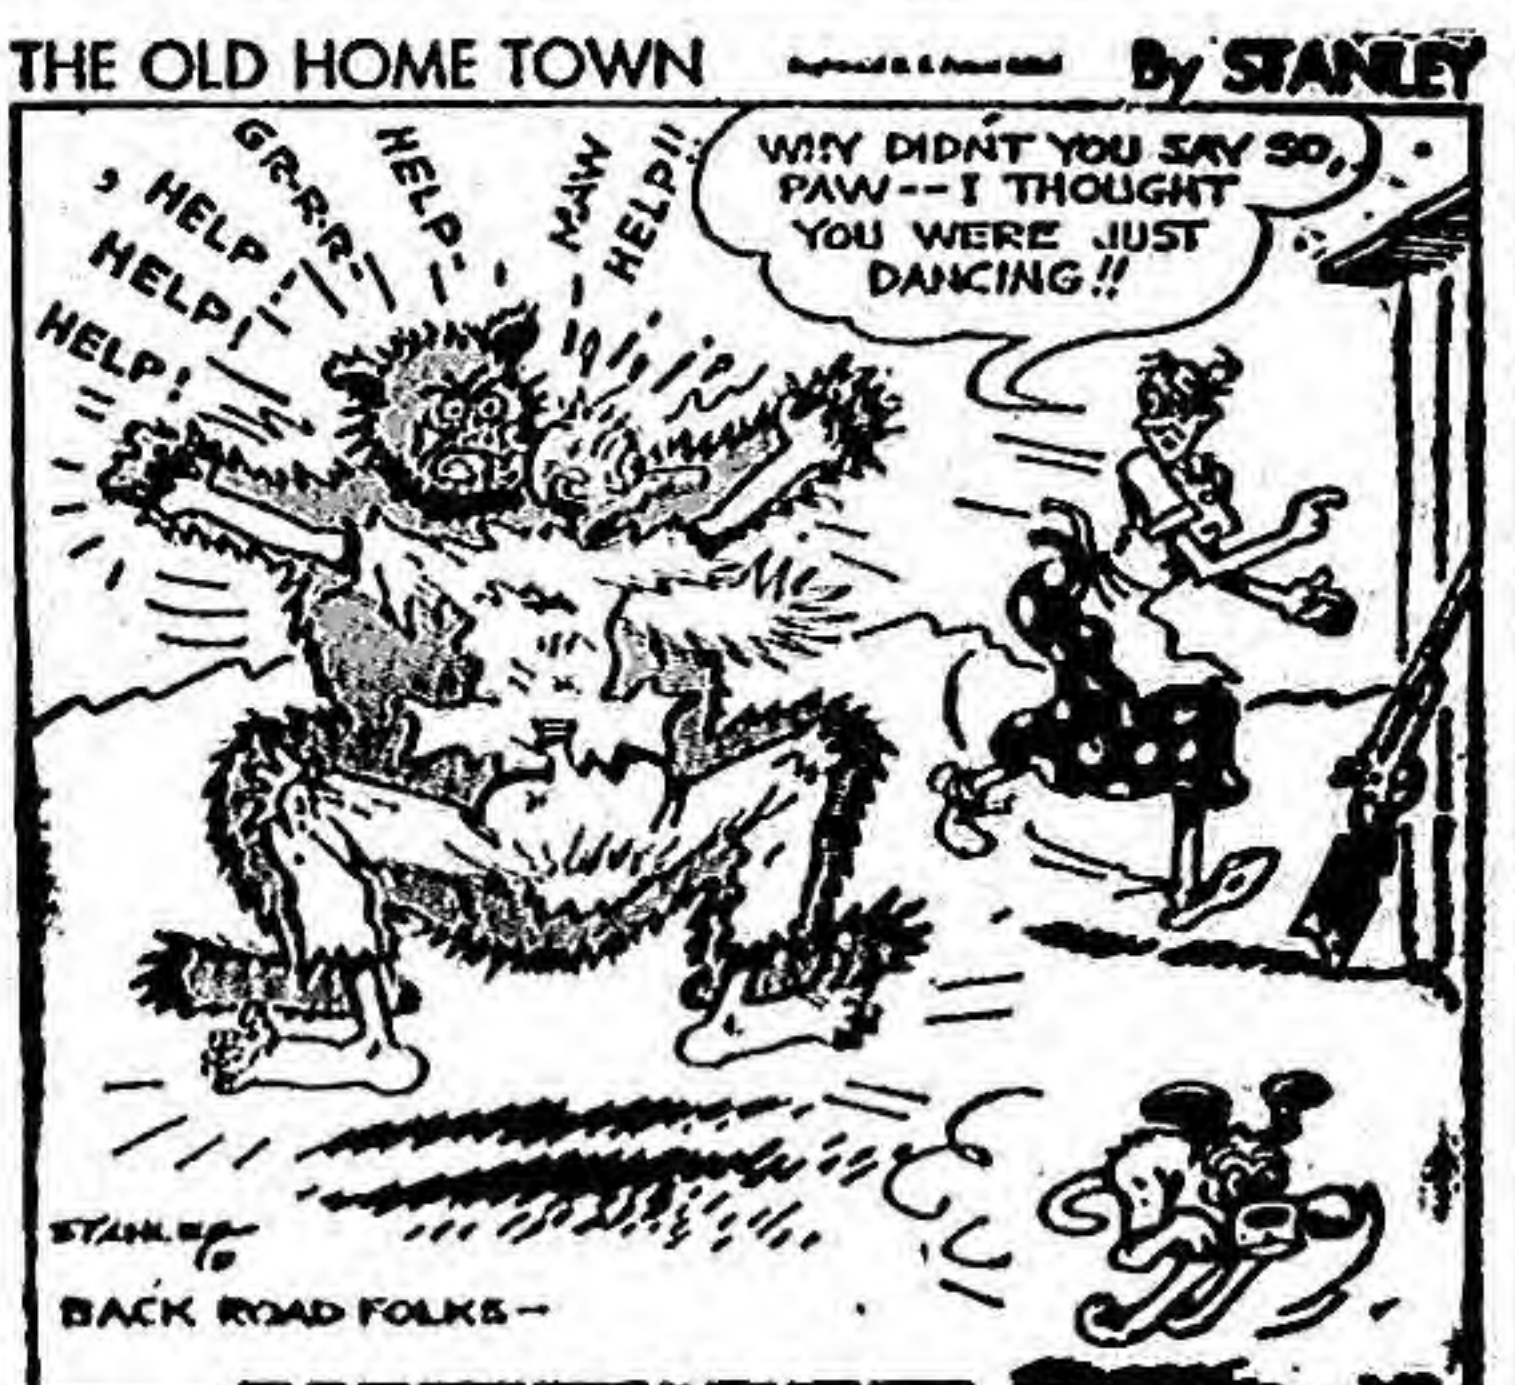

Prison treatment did not do him much good on the first 70 applications. What are the chances it will do him good on the 71st try-out?

Cannot the taxpayers find something better to do with their money than to provide board and lodging for an able-bodied Irishman every time he takes a notion to take a rest?

Prison reformers believe that if Patrick were turned over to them, they might persuade him to take more kindly to work. Such people must have lots of faith, hope and charity.

They ought to have better success in trying to persuade the taxpayers to try a change of treatment.

Patrick O'Halloran, entering jail for the 71st time, stands as a symbol of the futility of our present jail methods of regenerating sinners, or even deterring them.

## On Second Thought

By The Editor

The warming sun of spring brings tulips to the bud and it also brings to bud that equally colorful phenomenon of human nature, the gardening instinct.

The gardening instinct is manifested in various ways. First evidence that it is stirring occurs during the cold winter months when the head of the family forsakes the sportspace for colorful seed catalogues which he pores over intently. His nights are haunted by dreams of tomatoes as big as pumpkins, beans as big as cucumbers and roses which win national honors at the Exhibition.

This state of mind gradually waxes and his waking hours are taken up with memos on soil conservation, the life cycle of the potato bug, and how to destroy weeds the easy way. His lunch hours are spent pricing the latest in gardening equipment and taking practice swings with a pitchfork. He generally manages to visit a farmer friend where out of the fount of new-found knowledge of growing things, he glibly criticizes his friend for using old-fashioned methods.

Then comes a weekend when the snow has fled and the sun is warm and our man can contain himself no longer. Out comes the pitchfork, the spade, the hoe, the wheelbarrow and a new three-pronged gadget gaily decorated in red and gold which is guaranteed to dig out twitch grass and which costs five times the price he could pay a month later. And with his old clothes on and his pipe drawing well, he gathers up his equipment and heads for the backyard.

It would be pleasant if we could leave our gardener in the glory of his expectations, but unfortunately, life goes on and we meet our man an hour later, soaked with perspiration, two blisters on his hand and an aching back. But he is a game one and he continues the unequal struggle for another hour before dropping his tools in small patch of earth he has dug and heading for home.

Inside, his wife, if she is wise in the ways of spring, will be standing by with liniment and soothing words. When he has wearily crawled into bed, she quietly creeps out, puts away the tools or sells them to a neighbor, and the main event of the gardening season becomes history.

## Prevention Best Way To Fight Fires

Because of the many difficulties of providing adequate fire protection to rural districts, fire prevention on farms is important. Most farm fires occur in the more expensive buildings, the dwellings or barns, which often represent 50 per cent of the total investment. Defective chimneys, flues and heating, defective roofs and defective electrical installations, and gas and kerosene stoves, cause many of the fires involving farm homes.

Most of the fires arising from these causes are preventable by periodic inspection, and replacement of faulty equipment.

Spontaneous combustion, lightning, defective electrical installations, and faulty storm lamps are among the greatest hazards in barns. Barns can be made relatively safe with efficient lightning protection, and spontaneous combustion can be reduced to a minimum by not moving hay or storing grain which is too damp.

## Teaching Profession Offers Attractions

(Orillia Packet and Times)

The fact that there has been shortage in the supply of school teachers has been ascribed to inadequate salaries. Now that, at least in the view of those who pay the school taxes, the salaries have been brought up to a reasonably good level more young people are likely to be attracted to the profession. The teachers themselves can contribute materially to bettering the situation. There is no doubt that the agitation for higher salaries, accompanied by publicity as to the low salaries paid in some districts, has discouraged many from entering the profession. Now that this drawback has been overcome the teachers can afford to draw attention to the attractions of teaching as a career. No other profession offers so much leisure for the pursuit of their own private purposes—three months of holidays out of the twelve and the five-day week for the remaining nine months. Above all, there is the opportunity to have a share in training youth for their life work, and of impressing upon them principles that will make them useful citizens of the state. It is a vocation that offers a spiritual satisfaction found in few others. If these aspects of the teaching profession are emphasized, combined with the now reasonable salaries, there would doubtless be a renewed inflow into its ranks, just as the agitation of the past few years has tended to turn away many students studying the inducements offered by various careers.

From The Era and Express files, April 13, 1923.

Mr. A. E. Jarvis has bought the property on north Main St., formerly known as Bond's butcher shop and residence, opposite the old rink.

After spending three years in the North West, Mr. Carl Vernon is back in town.

Mr. Bruce Davis spent Easter holidays in New York.

There was a big market here last Saturday, especially in butter and eggs, which showed a decline in price. The city buyers were only paying 26 and 27 cents for eggs, but other people paid as high as 30 cents a dozen.

Daylight now affords ample time for a ten-hour job.

Mrs. Rutledge gave a party for some of her music pupils on Saturday afternoon. Each gave an instrumental followed by games and supper.

The water main on Park Ave. sprang a bad leak on Wednesday night. It will necessitate shutting off the water in part of town for a day or two.

Mr. Chas. Norwood is moving to the city after a residence here of 17 years.

It won't be long before folks will be planning just where they will spend the hot summer months' vacation.

Miss Clark, Lindsay, a former public school teacher here, was the guest of Mrs. B. Hewitt during the Easter holidays.

Mr. John Doyle has made arrangements to conduct a coal business in town.

## I Don't Seem To Get The Time

(The Stouffville Tribune)

"I'd like to, but somehow I don't seem to get the time."

Ever hear that phrase? If not, you haven't listened, for it is in constant use. With all the hustle and bustle, this seems to be getting more and more an age of "I haven't time."

At every social or public function nowadays, the chairman almost invariably announces that Mr. So-and-So phoned me that he regretted exceedingly that another engagement made it impossible to attend."

Men do not seem to have time to spend an evening at home with their families; women do not seem to have time for the same motherly care of their children that mothers had a generation ago.

Many of the finer and nobler sides of human nature are being blurred and spoiled simply because "we haven't time" to do those things which bring out and develop the finest traits of character.

It will be noticed, however, that people find time for things they want to do most, and if they are losing sight of the finer things in life it is largely because material interests are paramount.

These people that "never have time," are losing the best in life. They will never have to take time to die some day.

## REPLACING OFFICIALS

(Midland Free Press Herald)

Midland's concern over replacement of John McGill, who retired after long years of service as town foreman, points a lesson not only for Midland but for many North Simcoe municipalities. If efficiency in municipal service is not to be disrupted, consideration must be given to providing assistants to aging senior officials— young people who will be capable of carrying on when the "sands have run out."

## THE PERENNIAL TOPIC

(The Barrie Examiner)

A farm viewpoint of daylight saving was expressed by the Farmer's Advocate when it made the following comment: "The consensus amongst farmers from coast to coast, as expressed through Farm Radio Forums, is that daylight saving is a good thing for sportsmen but a bad thing for the national economy."

But there will be few hydro interruptions, where daylight saving is in force.

THE ORCHESTRA IS UNDER THE DIRECTION OF  
H. A. JACKSON

Play to be presented at Mount Albert Community Hall  
Friday, April 9, at 8.15 p.m.

## Holstein Club Has Annual Banquet

Thanks to the facilities provided by the Robinson Cotton Mills at Woodbridge the York County Holstein Club was able to accommodate a record crowd of about 325 at their annual banquet on Wednesday last. This is a hundred more than at any previous banquet. President Ed. Whittaker of Downsview was in the chair and kept things rolling throughout the evening. The guest speaker, Geo. W. Muir of the Experimental Farm, Ottawa, substituted for his chief, Dr. E. S. Archibald, director of the Dominion Farms System, who was indisposed. Superior production certificates were presented by fieldman Roy Ormiston, Brooklin, to the York County Home through Deputy-Reeve Dalton Rummey of Markham and to J. W. Greenwood of Maple who received two of them.

A feature of the evening was the presentation of a lovely silver tray to Geo. C. Jackson of Downsview, one of the first master breeders in Canada and a past president of the Canadian Holstein Friesian Association, in recognition of his having bred the cow, "Lonelm Texal Happy." In making the presentation Geo. W. Henry, fourth vice-president of the Canadian Holstein Friesian Association, pointed out that "Happy," when she recently completed her third record of over 30,000 lbs., established a record for North America for three consecutive lactations. Starting with her five-year-old record, she has a total for three successive lactations of 91,700 lbs. of milk with 3,356 lbs. of fat. In the year just concluded she produced 1,169 lbs. of butter fat which would make about 1,400 lbs. of butter to ease the current shortage. Lonelm Texal Happy is a paternal sister of the Texal

bulls owned by the Maple Cattle Breeders' Association. Other guests at the head table included Warden J. M. Fraser of Peel County who is president of the Canadian Holstein Friesian Association, and Geo. M. Clemons, Brantford, secretary manager of that organization; Chas. J. Cerswell of Bond Head and H. W. Hays of Oakville, directors of the C.H.F.A.; Armour McMillan, president of the Ontario County Club, and Wm. S. McClure, Georgetown, president of the Peel Club.

At the conclusion of the program Salesman Jos. Darlington of Todmorden conducted a draw for a number of valuable prizes donated by friends of the association. This was followed by a half-hour of mirth, music and mystery by a group of entertainers.

## Hi-Lights of N.H.S.

By ELAINE ROBINSON

Here we are again, back at school on the last long lap of this term. It really won't be long until the summer holidays roll around and a two-month vacation is before us.

After spending a wonderful week's holiday it seemed hard to face all the problems of N.H.S. on Monday morning, but we had to do it, so with stern determination we arrived promptly at nine. Many of us feared that those dreadful examination papers which we had written a week ago would be returned with big red marks here and there. We just have to take this as a part of school and grin and bear it.

Several weeks ago, we told you about the sudden death bas-

ketball game with our girls' senior team against Aurora. Much to our sorrow, we must tell that we didn't become champions, but lost the game by one point. This was really hard to take, but all teams must take this once in a while. Maybe next year we will do better.

We can be proud of the Junior Boys' team, for they became champions of North York.

### School Activities

The school Glee Club is working very hard under the direction of H. G. Fowler, Mus. Bac., to present to the public the Music Night at the High School on Friday evening, April 9. Also on Friday night, the High School Dramatic Club, under the direction of Miss E. Roberts, is presenting two plays with a cast of students from the school. This evening of entertainment should be one everybody should see.

The holidays and exams being over, we are back to our regular Thursday morning assemblies. Today form 9B was responsible for the entertainment.

### Outside School

Barbara Pritchard and Richard Edwards, Simpson's collegiate representatives, and Mary Lou Little of Eaton's Junior Council, spent their holidays working in Simpson's and Eaton's, in Toronto.

## Jim Moore Named To P. R. Post

It has just been announced that Jas. D. Moore of Brantford, agricultural representative for Brant county, has been appointed to the new position of public relations officer of the Canadian Council on Boys' and Girls' Club Work. His headquarters will be in Ottawa and his work will entail organizational trips to every province in connection with calf

THE NEWMARKET ERA AND EXPRESS, THURSDAY, APRIL 8TH, 1948

FIVE

clubs, swine, sheep, poultry, grain, potato clubs, etc. While the club work is directly under the direction of each provincial department of agriculture, the national contests at the Royal Winter Fair are organized and conducted by the council.

Mr. Moore, a native of Peterborough county, who as a boy was active in various clubs, attended the Kemptville Agricultural School and graduated in 1944 from the Ontario Agricultural College. He was immediately appointed as assistant agricultural representative in York county where his chief, W. M. Cockburn, gives him the credit for coaching national champion teams in both swine club and calf club work. This, coupled with his popular success in Junior Farmer activities in York and later as agricultural representative, has fitted him for his recent appointment and his many friends in York county join us in extending congratulations and best wishes in this new field. We hope that the housing situation at Ottawa will give Jim further encouragement.

### SHARON

The Women's Institute is sponsoring a one-day course in community health to be given by Miss Grace Hamilton from the department of Home Economics and Health on Tuesday, April 13, from 10 a.m. to 4 p.m., in the municipal hall, Sharon. Members of Mount Albert and Queensville Women's Institutes are invited to attend. Each per-son will be supplied. All ladies of the community are invited.

The Women's Association of the United Church is holding its monthly meeting at the hall on Thursday afternoon, April 15, at 1 p.m. The ladies are quilting for the Red Cross, so please come

as early as possible. Lunch committee is Mrs. Cecil Pinder, Mrs. Jack Farr and Mrs. Fred McLeod.

Miss Betty Davis of Windsor spent part of Easter week with the Fry family. Mr. Frank Kershaw of Goderich visited Mr. and Mrs. Fry one day last week.

Mr. Lorne Ramsay left on Sunday night for Calgary after spending some months with Mr. and Mrs. Levi Weddel.

Mr. and Mrs. Grant Orchard, Toronto, were recent guests of Mrs. Wreggit and Mr. and Mrs. Moss.

Mr. and Mrs. Wm. Houston, Toronto, spent the weekend with Mr. and Mrs. Geo. Lecuyer. Miss Shirley Houston visited Mr. and Mrs. Robert Houston.

## GETTING UP Getting you Down?

If morning finds you only half rested, still weary—if your sleep is broken by fitful tossing and turning—your kidneys may be to blame. When your kidneys get out of order, your sleep usually suffers. To help your kidneys regain a normal condition, use Dodd's Kidney Pills. Dodd's help the kidneys get rid of poisons and excess acids in your system. Then your uneasiness disappears—you can enjoy restful unbroken sleep—and awake refreshed and ready for work or play. Get Dodd's Kidney Pills today. 147

# Collis Brief To Aurora Council

Aurora—Dr. Paul Beard, managing director of the Collis Leather Company, appeared before the Aurora town council on Monday night with a brief suggesting that the Collis Leather Company effluent be run through the municipal sewage system. He asked the council to give the suggestion a trial.

Dr. Beard's brief outlined the early history and development of the Collis plant and described the difficulties that were encountered in arriving at some suitable means of disposal of tannery waste.

He told of the construction of a disposal plant by the firm and said that since 1938, the firm had spent over \$80,000 in dealing with this difficulty.

A partial text of the brief continues: However, the more we attempt to do the more frequently the complaints come in. We were threatened with legal action from the lawyer of one of the residents a few miles north of Aurora and it is only a time of grace that we can hope to be granted—as long as spring water with four-pound speckled trout will not run from the tannery effluent.

Under this condition of permanent threat last year we decided to buy chlorinating equipment. We knew that the cost of the operation of such equipment may be far beyond the possibilities which a tannery in normal times could afford. However, we had to do something because of this war of nerves, our nerves were not fortified enough.

The chlorinator we thought further improved existing conditions and from a report sent to us by Mr. Norman J. Howard after inspecting the conditions along the creek, I quote: "Mr. Redfern and myself went down the stream for a considerable distance and noted a great improvement in both physical and odor conditions."

I am convinced that nobody knowing our intentions or aware of our efforts in work, time, and expense can ever accuse us of negligence. And, in order to check up on our knowledge, so that we should not be blamed with ignorance, the company sent our chemical engineer, Mr. Wims to the States to visit tanneries with good records in tannery sewage treatment. Mr. Wims saw several plants. In most of those plants the treatment of the tannery sewage was limited to rough screening where only hair and large particles were separated. None of these plants have made the large expenditures for waste treatment as we have at Collis nor did their final effluent in any case compare in quality with ours.

However, Mr. Wims saw one plant in Ballston Spa in New York State, with a population of about 2½ times as large as Aurora and with a tannery producing about seven times the amount of sewage as Collis. This

tannery at Ballston Spa discharges the total sewage to gather with the town sanitary sewage into a collecting basin from where both sewage combined are treated as one in the town's disposal plant.

In order to gain full knowledge of what the conditions would be here if the tannery effluent was handled together with the sanitary sewage, I suggest that: (1) the council should consent to a large scale test to be made at the town's disposal plant by accepting the treated tannery effluent as it goes down the creek at the present time; (2) that this test should be conducted and continued as long as no damage or harm is being done to the town disposal plant (3) that the tannery's engineer in co-operation with the town engineer, should be authorized to supervise these tests and make necessary suggestions; (4) that the foreman in charge of the town disposal plant should be instructed to co-operate to the greatest extent with the engineers, so that this test should be a failure; (5) that if for some reason or other this test meets difficulties, these difficulties should be discussed and ways and means should be found to overcome them; (6) that because of certain difficulties which may or may not arise the test would have to be abandoned, a new discussion and suggestions should come forward with the mutual understanding that the sewage problem will have to be solved; (7) that the Collis Leather Company will take the full responsibility for all damage and of claims which may arise from these tests and (8) finally that because the heavy separated sludge must be taken out from our plant to a certain convenient place the council should take a positive interest in this question, too, and should lend a helpful hand to the tannery that the tannery's farm on Wellington St. at Snowball should be accepted as the logical best place to dump the sludge.

I will be a little technical now and try to explain what kind of materials are to be blamed for the smell. The materials belong in two categories—part being organic matters—mostly proteins and the balance are inorganic, mainly sulphides.

The organic materials deteriorate, releasing ammonia, the most characteristic smell of organic deterioration, noticeable on manure piles and also in any sanitary disposal plant. Exactly this deterioration takes place in our town disposal plant, of course under scientific control. The organic matters carried by the tannery effluent would also be totally destroyed and the smell caused by them should disappear.

I also believe that the inorganic matter, the sulphides, because of a lower alkalinity of the mixture than the tannery effluent alone would decompose and so the smell disappear from the effluent.

I believe that to treat a tannery effluent successfully the presence of sanitary waste is an absolute necessity.

Before completing this summary I would like to say a few words on the dangers we face if nothing further is done and if the company has to face a legal action. I can only see two alternatives for a verdict.

One, that the Judge accepts our argument according to which the tannery did all that could be done and it should proceed as before with its operations. In this case the problem is solved for the tannery, but the smell will stay here and so will the bad reputation of the town and discomfort of the people. It will remain a purely town problem.

The second alternative would be, that the verdict will call for improvements in the existing conditions which as I already outlined are beyond our knowledge or capacity. Consequently the tannery will have to move out to another place, to another town, where it will be welcomed. If that happens, then I am afraid that the problem will be a much bigger one and one which after the removal of the Collis Leather Company from Aurora will again be a problem which only will be the concern of the town.

I can tell you that a main topic of our directors' meetings has been in the past as to whether it would not be advisable to move the Collis Leather Company to Acton on the premises of the Beardmore Plant where both tanneries could be run more efficiently with the same overhead resulting in all kinds of savings.

I mentioned that as a possibility, but one which we do not wish to realize under any circumstances. We want to stay, to live and die in Aurora. I only mention it as the only possibility which we can choose if and when the court verdict is unfavorable to our cause.

Now, Mr. Mayor and gentlemen, that is our proposal and let me show you now what result can be achieved if such a plan finally will be adopted. It would mean, of course, that the tannery effluent and I emphasize again, the separated effluent only, already cleared from the sludge, will enter the town sewage system at the tannery. If nothing else can be achieved this alone would mean that the people of Aurora would be relieved at once of the smell which emanates from the creek bed. Aurora would become a town known by its fine location and beautiful surroundings and its nice, pleasant people only, but not by the smell noticeable at night along the creek, especially in the summer when the humidity of the air is high.

Even if the creek after the tannery effluent passed it will remain the same as it is now, the advantages which I just described certainly would warrant a trial. However, I am more than convinced that the smell which

emanates from the tannery effluent when it by-passes the town's disposal plant will be fully eliminated if these effluents go through the sanitary disposal plant.

The wives, mothers and sisters of all ex-active personnel are eligible to join and application forms may be filled in at Duffield's Shoe Store, or at the meeting. While formed primarily as an adjunct to the Legion, it is pointed out that ladies are eligible under the above classification regardless of whether the male members of their families are Legion members.

An election of officers will be held and it is expected that officials from the executive of the Ontario Command, Ladies' Auxiliary, will be present for the occasion.

## HOPE

Mr. and Mrs. Albert Smith, Toronto, Mrs. Muncaster, Sudbury, had dinner on Sunday with Mr. and Mrs. George Broderick and Mrs. Hall.

Mr. Richard Randall, Toronto, spent the weekend with Mr. and Mrs. Herb. Tansey.

Mrs. Charlie Boyd, Orillia, is spending a few days with Mrs. Stewart Stickwood.

Mrs. George Williams, Margaret, and Donald, Toronto, had supper on Sunday with Mr. and Mrs. George Broderick and Mrs. Hall.

Mr. and Mrs. George Broderick, Mr. and Mrs. Herb. Tansey and Murray Tansey attended the Stickwood - Castle wedding held in Queensville United Church.

Mr. Harold Broderick and Billie, Mount Albert, spent Sunday with Mr. and Mrs. George Broderick.

Sympathy is extended to Mr. and Mrs. George Pegg and family in the death of Mrs. John Giles, Newmarket.

Mr. Archie Dike had the misfortune to be caught in the mill last Tuesday and lost his finger. We all wish him a speedy recovery.

Mr. and Mrs. Morley Andrews, Hilda and Helen, spent Sunday with Mr. and Mrs. Ross Eves.

Mr. and Mrs. Jack Smith, Toronto, spent the weekend with Mr. and Mrs. Jim Breen.

# Young Hopefuls

By DOROTHY MUIR BOWMAN

Patty is a teen-ager who doesn't feel her parents are too strict with her. True, she has a more sheltered life than some of her friends; however, she is learning to respect her parents' wishes and conduct herself accordingly. She knows they are right with their strictness.

When the question of make-up was the main issue, Patty's parents thought it was a mistake for young girls to try to improve on their wholesome beauty nature had bestowed on them. However, Patty did look rather pale and wan as compared with her girl friends who painted. It was decided that she could resort to a moderate use of make-up, carefully applied at home—but there was to be no touching—once she was off the premises—like most of her friends were accustomed to doing.

In the matter of smoking—if one must—the rule was to learn to smoke at home. That rule automatically squelches the glamour connected with prohibited vices. Although Patty has had no inclination to start smoking—knowing she can with her parents' consent makes her feel superior to her friends who smoke on the quiet as far as their parents are concerned.

In all matters concerning appearance and conduct, Patty's parents are conservative; yet they compromise to comply in part with the standards set by Patty's teen-age crowd. As a result of this spirit of co-operation Patty has the best-groomed appearance of the group and her conduct is unquestionable.

Every problem must be solved to Patty's satisfaction—no matter what. She is learning compromise, too, of course. Patty feels free to confide in her parents and her friends envy her for having often parents drive their children from them by being either too strict with them or too lenient. There is a happy mid-way point that results in an agreeable arrangement for all concerned.

Teen-agers do have radical ideas. To clamp down on them with an iron hand or to give up in despair just builds a well between two generations. Pleasant companionship within a family group is too valuable security to destroy with intolerance or misunderstanding.

# AURORA SOCIAL NEWS

Mr. and Mrs. Wilkie Fleury and son Bruce of Chalk River spent Friday with Mr. and Mrs. Aubrey Fleury.

Mr. and Mrs. Ernest Gillespie, Coldwater, spent the weekend with Mr. and Mrs. Verne Rankin.

Miss Susanne Hulse spent last week in Toronto, the guest of her cousin, Miss Barbara Hobson.

Miss Marie Fierheller has accepted a position in Toronto as a dental nurse.

Mrs. H. Bissette and sons of Midland returned home on Sunday after spending the Easter holidays with Mr. and Mrs. John Walker.

Mr. and Mrs. Verne Rankin attended sessions of the Ontario Hairdressers' convention at the Royal York hotel on Monday last.

Mr. and Mrs. Edward Cole spent Sunday in Toronto with Mrs. F. Cole.

Members of C Squadron, Queen's York Rangers, held a social evening on Saturday at the Aurora Armory. Mrs. James Westhead, on behalf of the ladies' auxiliary, presented Miss Nora Clarke with a present on the occasion of her 21st birthday and C.Q.M.S. Howard with a pen and pencil set in appreciation of his services to the auxiliary.

St. Andrew's church Y.W.M.S. met on Monday night at the home of Mrs. Charles Bartlett.

Mr. and Mrs. Korman Smith have leased one of Dr. G. A. C. Gunton's apartments.

# 50-50 Club Plans Art Night

Newmarket — Once again the 50-50 club of Trinity United church is presenting an evening of talent and entertainment to all young people in the district. This program entitled Art will carry enough of the lighter side of the subject to make it interesting to all yet enough of the serious side to make the evening educational. Your presence is invited on Monday evening, April 12, at 8 p.m.

Reviewing the evening briefly the critics were complimentary in their remarks of such portions of the program as the highlight — a moving commentary by one of our top local color artists, W. J. Hopkinson, with suitable practical illustrations.

A talk on serious Canadian art will explain some of the ideas behind a certain painting and comment on portions of the works that many people overlook. A few illustrations will later give some inkling to the originality of color while a technical movie film on art will complete the serious portion of the evening.

It wouldn't do to comment too fully on the lighter side. A surrealist painter will present his views on art. A musical quiz on color and audience participation on another phase should bring a number of smiles. Those in charge would rather keep these surprises to themselves until the big night.

While the committee in charge consists of Archie McKenzie and Ken Johns, further contributions are expected from Lois Blight, Ken Posing, Del Gibeay, Lawrence Cotton and Don (na) McBride. Artistic talent is not required in the audience. Come and learn of art in its various forms. We hope you will agree the evening was worthwhile.

# Stretching That Food Dollar

Newmarket — A talk on the "food dollar" was given at a recent Home and School Association meeting by Mrs. W. O. Noble in which she gave Canada's Food Rules as put out by the Canadian Council on Nutrition and some suggestions on food budgeting and diet. The following is taken from the text of her talk.

Canada's Food Rules as put forth by the Canadian Council on Nutrition are: milk, adults 1 1/2 to 1 quart; fruit, one serving of citrus fruits or tomatoes or their juices and one serving of other fruit; vegetables, at least 1 serving of potatoes, at least 2 servings of other vegetables, preferably leafy, dark green or yellow and frequently raw; cereals and bread, one serving of whole grain cereal and at least 4 slices of Canada approved vitamin B bread with butter;

Meat and fish, one serving of meat, fish, poultry or meat alternates such as liver, beans, peas, nuts, eggs, cheese. Also use eggs and cheese at least three times a week each and liver frequently. A fish liver oil should be given to children and pregnant women and may be advisable for other adults.

The problem today is how to provide an adequate diet against the high price levels. Consider this for a "lower" cost diet without the trimmings or frills or ready-made short cuts:

Milk — is a fixed price but it is worth noting that skim milk is 13 cents a quart (4 cents less a day). Fruit — economies in buying citrus fruit: small oranges are the better buy. Grapefruit are reasonable in season. Tomatoes are 25 cents for a 20-

Women's Editor: Caroline E. Isa

—Darrel Broughton is spending his Easter holidays with his grandparents, Mr. and Mrs. J. W. Broughton.

—Mrs. P. J. Ryan, Toronto, accompanied by her small son and baby daughter, spent Sunday with her mother, Mrs. Chas. Evans, Lydia St.

# CHURCH PARADE

Aurora — The L.O.O.F. lodge No. 143, and Elma Rebekah lodge No. 146 will attend Trinity church next Sunday evening for their annual church parade.

# W.C.T.U. MEET

Newmarket — The regular meeting of the W.C.T.U. will be held at the home of Mrs. H. Hooker, 5 Arden Ave., on Tuesday, April 13, at 3 p.m.

# JUNIOR LADIES MEET

Newmarket — The regular monthly meeting of the Junior Ladies' Aid of the Christian church will be held on Tuesday, April 13, at 8 p.m. sharp at Club 14. This is a very important meeting and we are hoping for every member to be present.

# IN HOSPITAL

Newmarket — Mr. S. Madill is at present a patient at York County hospital. His condition is reported as satisfactory.

# CONFINED TO BED

Newmarket — Matthew Duncan has been confined to bed for the past two weeks. He is reported as improving.

# AUXILIARY TO MEET

Newmarket — An important meeting of the Ladies' Auxiliary of the Canadian Legion will be held tonight in the Legion hall at 8 o'clock. A full attendance is requested and all prospective members are cordially invited to attend.

# FORGET-ME-NOT TAG

Newmarket — The Newmarket Veterans' Association was granted permission to hold a Forget-Me-Not Tag day on June 10 by the town council Monday night.

# HOLD MEETING

Newmarket — The Easter thank offering meeting of the Evening Auxiliary of the W.M.S. of Trinity United church will be held Tuesday evening, April 13, at 8 o'clock in the Sunday-school room. Rev. Cook will be the guest speaker. Dr. C. S. Gilbert will be the soloist and Miss Margaret Smith will favor us with a reading. A full attendance of the ladies of the church is requested.

# St. Paul's Guild Has Spring Tea

Newmarket — Last Friday, the Parochial Guild held a successful and enjoyable spring tea. The hall was gay with spring decorations and daffodils on each tea table. They held their regular meeting at the home of Mrs. E. Robinson, Main St., on Tuesday while the Ladies' Aid held its monthly business meeting at the home of Mrs. B. A. Budd, Church St.

The Woman's Auxiliary is holding its monthly devotional and business meeting this afternoon when Mrs. Austin Haines, deaconess officer, will give the address. The Girl Guides and Brownies meet in the Parish hall every Wednesday from 6.30 to 8 o'clock.

# CELEBRATE ANNIVERSARY

Mr. and Mrs. Barton Ward, Sutton West, are celebrating their golden wedding anniversary on Tuesday, April 13. They will be at the home of their son-in-law and daughter, Mr. and Mrs. Perry F. Winch, Keswick, to meet their friends.

# Business Women To Meet April 14

Newmarket — At an organizational meeting of the Canadian Federation of Business and Professional Women last week a committee of six was named to carry on pending election of officers. Chairman is Mrs. J. Elines and members are Miss K. Peel, Miss V. A. Pearson, Miss M. Stark, Miss M. Rogers and Miss Alice Dillon.

The next meeting is Wednesday, April 14, at 8 o'clock in the council chambers. All business and professional women who are interested in becoming members of the club may contact the chairman or any of the members.

# DISCUSSION GROUP

Newmarket — At a recent meeting of the Newmarket Home and School Association, the president, Mrs. J. C. R. Edwards, announced that several inquiries had been made regarding the formation of a discussion group on religion. Suggested topics of discussion were "the teaching of religion to children" and "to learn how to best apply it in each individual family".

Anyone interested in joining such a discussion group is requested to contact Mrs. C. E. Wheeland or Mrs. Edwards so that it can be organized for the fall.

# USED CLOTHING SALE

Newmarket — A repeat sale of serviceable used clothing is being held under the auspices of the Newmarket Home and School Association on Thursday, April 15, from 2.30 to 5 p.m. at the Veterans' Dug-out corner of Main and Millard Sts. Come and look around and enjoy a cup of tea. No charge will be made.

# DISCONTINUES CLASSES

Newmarket — Handicraft classes in the Veterans' Dug-out are being discontinued for this season. They will be resumed in the fall. In the meanwhile watch for the notices about the handicraft demonstration and exhibition which will be held on Friday, May 7.

# AT O.E.A. MEETINGS

Newmarket — Mrs. N. L. Mathews and Mrs. M. B. Seldon attended the meetings of the trustees' section of the Ontario Education Association convention which were held in Toronto during the Easter week.

## Easter Lilies, Radar Topics Of Golden Glow

By GOLDEN GLOW  
"Cooking by Radar." "Feeding the Easter Lily Bulbs to the Pigs in Bermuda." Now and again, as you listen to the radio, something catches your attention, and you find yourself wishing you had been listening more intently. It was just like that the other day. I was finishing up the dinner work and I heard a voice telling about cooking by radar. I'd heard a while before about heating a whole town (was it a town or just a home?) by atomic energy. Then I hear this broadcast! They are terms we often heard during the last days of the war — and now these new forces are being applied to everyday life. Both are terrific energies, and properly controlled, must surely be a nine-day's wonder.

For instance, the voice on the radio said, you could bake a good-sized potato in four minutes with radar, and a steak in next to no time. I don't fancy it can be used for everything, from the little bit I heard. The radio voice described the radar range as looking like a small refrigerator, but said it wasn't expected that they would become very general as they cost \$7,000 each. I don't know now whether it was New York and in a hotel called the "Washington," or in Washington, D.C., itself. It shows you that I was not listening, and making a business of listening or I'd have heard and remembered details. That is the way when you listen in as you work, as most housewives do. I was finishing up my kitchen work as quickly as possible so as to hear Bernie Braden read a short Canadian story at 2 o'clock. I always enjoy that program.

It seems she was visiting over the Easter holidays at this place — we'll say New York and the Washington hotel for it doesn't really matter. It is the cooking by radar I am trying to tell about. The head waiter or chef or somebody in the dining-room evidently took them to inspect the radar range. You give your order and it is put in the radar oven and in no time at all there's your dinner cooked to perfection. She said if you put your unprotected hand near the oven it would take your hand right off, but it is protected by a safety device so as to make that impossible. You cannot use any metal container — you put the things to be cooked in a platter or a plate, and as she said, a large potato was cooked in four minutes and a steak in no time at all. The radar beam comes through a hole in the back of the oven — reflecting in a revolving fan in the ceiling of the oven and the rays are reflected from that down to the food in the plate. The plate gets hot only from the heat of the food on it. It is served that way on each plate. I think I'd better write about something else — this repeating what you really did not hear properly is rather aggravating — but it struck me as being so wonderful I had to at least try to pass it along. This is a wonderful, though terrible, age we are living in. After the long cold winter we have just come through, we will certainly welcome anything that would adequately heat our houses like the atomic power I heard about heating those places in England. But who knows, for this is an age of miracles.

To be more frivolous, I heard a broadcaster tell about her Easter trip to Bermuda, and the part that I remember most clearly, vividly, was her telling about them feeding Easter lily bulbs to the pigs — three big fine pigs and how those pigs enjoyed them.

I suppose the bulbs were really useless — but it makes you gasp, all the same, at the very thought of such beauty given to pigs. Well, I bet it makes good sweet ham. They say this is wonderful weather for maple syrup — cold nights and warm days — and last Saturday we had snow. Is that what they call "sugar-snow"? And Jack-wax? You need snow to drop the spoonfuls of nearly sugared syrup to make Jack-wax, I understand.

Again I am displaying my ignorance so I'll end up right here. But before I finish I want to say that the date for going on Daylight Saving has been set for April 25 and we stay on till September 26.

## NAMED "BEST DRESSED" OF 1948

Among the 12 "best dressed" women in America for 1948, selected by the Fashion Academy in New York, are the three women above. They are left to right: Maggi McNellis, commentator; Mrs. Walter Thornton, fashion promotion, and Mrs. Lauritz Melchior, opera set. The other winners of the gold medal awards were: Loretta Young, screen; Mary Livingston, radio; Hildegarde, supper clubs; Dolly O'Brien Dorella, society; Ann Delafield, business; Joan Tetzel, stage; Sonja Henie, sports; Mrs. James V. Forrestal, public life, and Virginia Leigh, debutante.

## The Common Round...

By Isabel Inglis Colville

GEMS SHINE

Precious gems always shine and keep their lustre. One can value other things just like gems and they too never grow old or dim. I am thinking of such things as poetry, art or music. I am thinking, in particular, of Gilbert and Sullivan operettas. Any one or them is a storehouse of gems.

As I listened to and watched the presentation of the Mikado at Pickering College some weeks ago, I thought that the Mikado sang of "making the punishment fit the crime" that could be transposed to tell of how marvellously Sir Arthur Sullivan

made the music fit the score. Each little gem of nonsense and also some not nonsense has a setting of music which brings out and sets off every inflection and meaning, just as a perfect setting enhances a perfect jewel.

But just as the way gems are worn makes or mars them, so the way these operas are produced makes or mars them. Newmarket should be proud that within its limits there is the nucleus of a company, that year after year, by dint of hard work, patience and a firm determination, once a year gives us a gem to take home and cherish.

## Marian Martin Patterns

## Homemakers' Exchange

Dried fruits of all kinds are to be found in abundance on our grocery shelves at present. Among the least expensive of these are prunes and raisins. One pound of prunes yields on an average 11 servings and if you forget the old rule of soaking dried fruits you will have more flavorful, tender prunes for breakfast. Rinse, cover with water and cook in tightly covered pan 45 to 60 minutes.

### PRUNE AND APRICOT UPSIDEDOWN CAKE

1 Cup dried apricots  
12 Cups warm water  
2 Tbsp. butter  
1/2 Cup sugar  
1 1/2 Cups cake flour  
1 Cup salt  
1 Tsp. baking powder  
1/2 Cup shortening  
1/2 Cup milk  
2 Eggs  
1 Tsp. vanilla  
Soak prunes and apricots in water about 30 minutes. Drain. Pit prunes. Melt butter in nine-inch square pan, add sugar; heat slightly and blend. Arrange fruit in a bowl. Sift dry ingredients; add shortening and 1/2 cup of the milk. Beat two minutes. Add remaining milk, unbeaten eggs and vanilla. Beat two minutes. Pour over fruit. Bake in moderate oven (350 degrees) about 35 minutes. Let stand 10 minutes. Invert on serving plate.

### SEVEN-MINUTE FRUIT WHIP

3 Egg whites, few grains salt  
1/2 Cup sugar  
2 Tbsp. lemon juice  
3 Tbsp. fruit juice  
1 Tsp. lemon peel, grated  
1/2 Cup chopped, cooked prunes or other fruit  
Combine all ingredients except prunes in top of a double boiler. Cook, beating constantly with rotary or electric beater, until mixture forms peaks, about seven minutes. Fold in prunes. Chill. Serve with custard sauce.

### CUSTARD SAUCE

Combine 3 slightly beaten egg yolks  
3 Tbsp. sugar, few grains salt  
Gradually stir in 1 1/2 cups milk, scalded  
Cook in double boiler over hot, not boiling, water until mixture coats spoon, stirring constantly. Add 1/2 tsp. vanilla. Chill rapidly.

### PRUNE AND DATE BETTY

2 1/2 Cups bread cubes or cereal flakes  
1/2 Cup melted butter  
2 Cups sliced, pitted, cooked prunes

My husband and I know what is involved for we have been part of such an undertaking. Now we sit back and enjoy but we also perhaps more than most, know what goes into such a production and this is a word of appreciation to those who, year by year, give us such enjoyment.

I do not know whether Newmarket realizes it or not, but they have within the town limits a collection of cultural projects that would be hard to duplicate in another town of its size. It's fun to count your gems sometimes, even if they do not always shine gloriously — the lot is a shine and polish — does a thing for them, but some of them would like a better setting than the town hall. Look at the last few weeks: the dramatic club was chosen as an entrant for the competition at Hart House, the orchestra played for the dramatic presentation, the music society gave The Crucifixion, the choir of the Town gave fine Easter music and the band gave a really excellent concert following church service on Easter Sunday evening. Pickering College presented the Mikado and the high school is to give us something in the way of entertainment on April 14.

I do not think the absolute fertility of the town hall as a setting for local gems ever struck me as forcibly as on Sunday evening. If a play or some special entertainment is to be given, some effort at decorating is made, but the band was placed against a setting of absolute bareness. It spoke well for Mr. Greig that his well-trained bandmen made us forget, temporarily, where we were. It was fine to see youth, in the person of the little lad who played the cornet solo, taking advantage of a chance to develop a talent.

Isha Goodman gave two groups of piano numbers which were enthusiastically received. He said that such pianos as that on which he was playing "were priceless". So, you see, there are gems of various kinds; let us count them up and be glad of them.

Next week — anniversaries.

## MOUNT ALBERT

On Friday evening of this week, the Newmarket Dramatic Club will give a preview of their new comedy, "Don't Darken My Door," in Mount Albert town hall under the sponsorship of the Women's Institute. Do not miss this play as it is the best one given yet by the Newmarket Club, and this will be the last event the Institute will have to make money for their hospital fund.

Mrs. Geo. Walsh was a delegate from this school section to the Ontario Educational Convention in Toronto last week.

Mr. and Mrs. Herbert Harmon, Helen, David and Keith, also Mrs. Broderick and Billie, spent the weekend with relatives at Goldsmith.

Mr. T. Allison spent several days in Toronto this week at the home of his son, Ronald.

## The Sunday-school "At Home"

In the United church on Tuesday evening last week was largely attended. The Pot Luck supper was all that could be asked for and everyone went away feeling that they had sufficient to eat. The moving pictures which the children were expecting were not to be had but through no fault of those in charge. However the children were well entertained by games, and several musical numbers were given. Duets by Joan Mainprize and Beth Theaker, and two and three-part songs, and a skit by Miss Campbell's school pupils were all thoroughly enjoyed and from the wee kiddies to the grown-ups everyone had a lovely evening.

Mr. and Mrs. Oliver and Kathleen spent several days in Toronto last week.

Rev. W. H. Burgess took the services at Tottenham United church on Sunday last.

Mr. Chas. Milstead, Queensville, was the guest speaker on Sunday at Mount Albert and Hartman churches in the absence of Rev. W. H. Burgess.

Mr. and Mrs. Dave Brooks, Port Carling, were at the home of the Misses Brooks on Sunday.

The convenors of committees for Sports Day are asked to be ready to report at a meeting in the town hall on Saturday evening, April 17. Anyone else interested is asked to please come and help make this year's day better than ever.

The Horticultural Society asks that you return your option at once and join if you are not a member and help those who try to make our village a more beautiful place to live.

Mr. S. Harper, Sr., and Mr. T. Allison were a committee to see what could be done in clearing up the old cemetery on the hill which has long been an eyesore. Seeds of flowers and vegetables are being given to the school children and prizes will be given the schools having the largest exhibit at the fall show beside the prize money each individual may claim as his own.

Mrs. A. Harmon and Mrs. P. Walker brought back very full reports from the horticultural convention held at Niagara Falls at which they were delegates, and are to be congratulated on them.

Now is the time to clean up your own grounds and the street in front and keep them clean. It adds so much to the looks of our town and people judge you by your surroundings, so now it's up to you.

The W.M.S. of the United church met at the home of Mrs. F. Cunningham on Monday evening with 12 ladies present. Mrs. W. H. Theaker gave a short talk on Canadian Church Relief Abroad saying 12,000 pounds have been received at the Toronto depot. Money is needed for sending this to Britain and Western Europe, Japan, Korea and China. Such things as bedding, clothing, household linen, shoes, etc., may be left at Theaker's Store. Donors will be kept informed of the destination and use of their gifts. The Study Book was taken by Mrs. Steeper and the two chapters were, "Translators of the Bible for Tomorrow," and "My Words Shall Not Pass Away." A very fine Easter offering of \$25 was given and the ladies enjoyed a social half-hour at the close of the meeting.

The Cheerio Club met on Saturday evening at the home of Mrs. Reg. Willbee with 24 present. Mrs. Walsh and Mrs. K. Mitchell were in charge of devotional and social program. Mrs. Dawson Dike gave a demonstration on smoking and Miss B. Harmon gave a talk on making the most of what we have in remodelling clothing. Miss Lola Campbell, Mrs. S. Thompson and Mrs. H. Morton served lunch.

Mrs. Ernest Carr, Toronto, is visiting a few days with her nephew, Mr. Roy Carr, and Mrs. Carr.

Mrs. E. Carr, Mr. and Mrs. Roy Carr visited Mr. and Mrs. G. Wilkinson, Belhaven, on Sunday afternoon.

## All Day Every Day

Your telephone operator is always on the job... you can depend on her to put your calls through speedily, efficiently and "with a smile in her voice".

More telephones are being added, more switchboards installed, and more operators trained to handle the ever-growing volume of calls so that you may continue to have the best telephone service at the lowest cost.

THE BELL TELEPHONE COMPANY OF CANADA

## \$77.50 Court Costs. In Driving Charge

Newmarket — A fine of \$30 and costs of \$77.50 were paid by Arthur Craddock, Toronto, when he was convicted of careless driving in magistrate's court on Friday. Two charges, dangerous driving and careless driving, were laid against Craddock by Provincial Police Constable Hilliard, Aurora, when he was involved in an accident March 6 on No. 11 highway at the first curve south of the Holland landing flats.

Robert Bernhart, 278 St. Clements Ave., Toronto, who was the owner and driver of the car in the accident, testified that he was driving north on No. 11 highway, approaching the curve, when the truck, which was owned by the James Cridland Meat Packing Co. and driven by the accused, came around the corner, going south at an estimated speed of 60 m.p.h. and started to skid over on the east side of the highway. He said he tried to avoid the accident by turning off the highway on the east side but the rear end of the truck hit his car.

The estimated damage to Bernhart's car was \$850. Mrs. Isabella Wiley, 69 Grand Ave. S., Galt, a passenger in the car, suffered a broken thumb and the driver's mother, Mrs. Eva Bernhart, Galt, was shaken up. The driver and William Wiley, Galt, another passenger, were unhurt. Damage to the truck was on the left rear fender, panel, tail light and left rear tire.

Constable Hilliard, who was assisted by Constable Melbourne in the investigation, said the accused smelled strongly of alcohol but his actions were normal. He allowed the accused to drive the truck away from the scene of the accident.

Allan H. Bain, 18, was sentenced to ten days for driving a car on No. 11 highway near Aurora while his license was under suspension from a previous charge.

## MIAMI BEACH

The condition of the roads are improving as they are drying up nicely and soon will be all passable again.

Misses Barbara and Marie Mathews spent their Easter holidays with their grandmother, Mrs. Whitehead, in Toronto.

Mrs. Fred Foster visited her sister-in-law in Richmond Hill for a few days last week.

Everyone is getting that spring fever and longing to get at their lawns and gardens.

Mr. and Mrs. Milton Cook, and their son, Seneca, all of Newmarket, called on Mr. and Mrs. Emanuel Miller.

Mrs. Emanuel Miller has been sick with quinsy, but is much better now.

Little Gordon and Pearl King are on the sick list. Hope they will soon be feeling better.

The films are to be shown again by Mr. Dewitt at the Jersey school April 13. Everyone is welcome.

Mr. and Mrs. Kenneth Madill and family of Claremont, also Miss Lila Crowder and Mr. John Crowder, Baldwin, called on Mr. and Mrs. Oliver King Sunday afternoon.

April 1—It sure sounds nice to hear the frogs croaking their spring song. Spring must be here for all the weekend weather was rough and wild, but the frogs are still able to croak.

Mrs. Marvin Clark and little Marvin spent last Saturday in Newmarket as little Marvin has started taking music lessons from his new teacher, Miss Mae Patterson of Newmarket.

Lila and Bob Clark are spending their Easter holidays at the home of their grandmother, Mrs. James Clark, in Toronto.

Mrs. Freeman Sedore and little Marion spent an afternoon last week at the home of Mr. and Mrs. Emanuel Miller.

Mrs. Verdon Clark and children are spending a week with Mrs. Clark's parents, Mr. and Mrs. Ball, in Toronto.

Mrs. Ross Howlett, Newmarket, called on Mr. and Mrs. Emanuel Miller last week.

Mrs. Marvin Clark and little Marvin spent Tuesday, March 30, with her parents, Mr. and Mrs. Ireland, in Toronto.

Sunday guests at the home of Mr. and Mrs. Oliver King were Mr. and Mrs. Percy King, Toronto, Miss Kathleen Arnold, Newmarket, also Mr. Roy Huntley, Newmarket.

Mr. Chester Miller, Mount Pleasant, is helping his father, Mr. Emanuel Miller, build a chimney at Keswick Beach.

Quite a number of people were up to their cottages on Sunday, despite the nasty weather.

## MAPLE HILL

Maple Hill Baptist church is being decorated and the work should be finished well before the anniversary services which will be held on Sunday, May 9. Rev. E. S. Kerr, London, a former pastor, will be the speaker for the day.

Sorry to report Mrs. Thompson is on the sick list and under the doctor's care.

Miss Rideout spent the Easter holidays at her home in Newmarket.

## QUEENSVILLE

Mrs. William Henry is quite ill in York County hospital. We hope she will soon be able to be home.

Mrs. Frank Milne is in Toronto to this week.

The W.A. meeting is postponed until Tuesday, April 13.

Mrs. Angus Smith visited in Toronto over the weekend.

Miss Pat Donnell, Bud and Lynda, were holidaying with their grandparents, Mr. and Mrs. Frank Kavanagh.

Miss Mary Marsh, Toronto, spent the Easter week with her sister, Mrs. Aylward.

Miss Jean Cunningham is in Montreal for her Easter holidays. Mrs. Stanley Boyd, Orillia, attended the Castle-Stickwood wedding on Saturday and visited Mrs. E. Stickwood.

Mrs. Murray Huntley sang in Keswick United church last Sunday.

Mrs. Frank Milne spent a few days in Toronto this week.

Mrs. Wm. Bain has returned home after spending several weeks at the Hulse home.

Mr. and Mrs. Charlie Green were callers at the Hulse's on Sunday.

Mr. and Mrs. Ed. Cole spent Saturday at the Hulse home.

## PINE ORCHARD

Miss Betty Hope was a guest of Mr. and Mrs. John Nicholson (Betty Spence), Toronto, for a couple of days during Easter holidays.

Rev. N. Rowan was in charge of 'Young People's' on Friday night in the absence of David Preston who was taking part in the Ontario Temperance convention being held in Toronto.

Don't forget the Young People's meeting at church this week on Friday night, April 9.

Mr. Lloyd Heaslip spent Easter holidays at his home near Janetville.

Sorry to hear of Frank Williams' accident to his foot and wish him a speedy recovery.

The men of the community and the Aurora fire brigade quickly responded to a chimney fire alarm at the home of Mr. and Mrs. J. Sytema on Monday, March 29. Fortunately no damage was done.

The men of the Union church held a wood bee at Elmer Starr's bush on Saturday afternoon. The Willing Workers served a hot lunch afterwards.

Mr. and Mrs. Colin Widdifield, Newmarket, had Easter Sunday dinner with Mr. and Mrs. R. Allen and Miss Aleta Widdifield.

Mr. and Mrs. W. Proctor, Newmarket, were Sunday guests at the Harper home.

Rev. N. Rowan preached from the subject, "The Little Horn of Daniel 7" on Sunday, April 4. These messages are filled with enlightening information and deserve a full attendance.

Mr. and Mrs. A. Boake and Patsy and Mrs. G. P. Wood attended the music festival in Stouffville on Saturday night sponsored by Youth for Christ. Miriam Boake competed in a piano solo class.

All ladies of the community are invited to attend a community health course at Vandorf hall on Wednesday, April 14, from 10 a.m. to 4 p.m. Ladies to bring box lunch.

Miss Grace Hamilton, home economics and health branch of the W.I., will be in charge of course.

## ANSNORVELD

Mr. and Mrs. A. Sneepe returned home after spending a week's holidays in Patterson, U.S.A., and New York City.

Several more Dutch people have arrived recently from the Netherlands to take up residence here.

Mr. and Mrs. John DeVries and friends of Byron Centre, Mich., are visiting Mr. and Mrs. E. DeJong for a few days.

Mr. Tadler of Patterson, N.Y., arrived here lately and hopes to bring his family here in the near future.

## ANSWER TO PUZZLE ON PAGE FOUR

## MOVING WEST

M. Hamilton Hamilton regularly moves up and ship household furniture, gas, electrical, plumbing, heating, and to California, Texas, where phone for reduced freight rates. Established 1925. 400 Yonge St., Toronto. KIngston 5125. MOVING, PACKING, SHIPPING AND STORAGE

## SHOES

Insley's store has hundreds of pairs of shoes for men and boys. No wonder Insley's style leader store has such a shoe business year after year! This store is properly merchandised and priced correctly.

## BETHEL

## Former Resident Killed

On Easter Sunday morning the community was shocked on hearing of the accidental death of Kenneth Fairbairn, who was instantly killed at a level crossing in Weston by the Winnipeg Flyer. Kenneth was the youngest son of Mr. Geo. M. Fairbairn, Sutton West, and was well liked for his cheery "hello" for everybody. He attended Belhaven and Baseline public schools and Bethel United church, and for the past few years has been employed in Toronto and Weston. He leaves to mourn, his wife, formerly Thelma Mounford, and two small children, James, three years, Carol, one year, two brothers, Milton, Toronto, and Max, Niagara Falls, and three sisters, Mrs. Sydney Wing (Helen), Alice and Jean Fairbairn, Stamford, and his father, Geo. M. Fairbairn, Sutton West. The community extends their sympathy to the bereaved family.

Mrs. Angus Cowieson with her children's choir, furnished the special Easter music at Bethel. The choir was much appreciated by all. Mrs. Cowieson is doing splendid work training young voices.

Miss Nancy Huntley spent her Easter holidays at the home of her parents, Mr. and Mrs. B. Huntley. Nancy is attending Normal School in Toronto and for the next two weeks will be teaching at Bogartown public school.

Mr. and Mrs. Jim Smallwood and family of Hamilton spent the weekend with Mr. and Mrs. Allen Smallwood.

The new doors on the church look nice and will help to keep the church warm in cold weather.

Sorry to report Mrs. Wm. Horner, Virginia, is seriously ill in Sutton hospital. Her many friends are very anxious.

Quite a number have been ill with 'flu. Hope the coming of the nice weather will clear the air and make the sick well again. Many were absent from church on Sunday through illness.

Miss Mary Huntley, Belleville, was home Easter weekend.

Rev. E. Knechtel preached a very inspiring sermon Sunday. His text was from the Romans 1:16.

## ARE YOU GETTING THE TAX DEDUCTIONS YOU ARE ENTITLED TO?

## The Farm Account Book and Income Tax Guide shows you how!

How much can you deduct for depreciation on your tractor? Your automobile? A shed? What expenses can you deduct? There are 75 articles in common farm use plus a wide variety of deductible expenses for which depreciation can be charged—all listed in the new Farm Account Book. These legal deductions from your income are a big question at Income Tax Time and the answers to them and to dozens of other questions are in this new Farm Account Book.

## A Record of Your Transactions and a Guide to Your Income Tax Return

WHAT IT DOES—Keeps a clean record, helps you budget—and shows you whether you have made or lost money on your operations. Shows you, too, what your best lines are and where you may be farming at a loss. Saves you hours of time from book keeping. First ten pages are for your receipts—from sales of crops, seeds, livestock, poultry, dairy products and all other produce. Then come twelve pages of all farm expenses—you are reminded of items you might otherwise forget. Establish a basic herd, apply for the three-year-average plan, calculate your depreciation item by item. These are money-savers for every farmer. They're all in the new Farm Account Book.

DEDUCTIONS—Every farmer is entitled to deductions and he is expected by the department to take full advantage of his rights. The Farm Account Book tells you about many items in easy question-and-answer form. For instance—"What can I claim as expenses for repairs?" The answer is "any expense to keep a machine or a building in working order can be claimed." Altogether there are answers to over 60 questions. No one is required to

pay more than his fair share of tax. Comments from Letters on the New Farm Account Book and Income Tax Guide: "A long awaited step for the benefit and progress of our Canadian farmers" ... "Takes the kinks out of keeping farm records" ... "Pleased to recommend this Account Book for farm people" ... "Record keeping in its simplest form—a real help" ... "Something we have been needing for a long time".

REMEMBER—HALF CULTIVATED LAND YIELDS A POOR CROP—HALF KEPT ACCOUNTS GIVE POOR RESULTS TOO

DEPARTMENT OF NATIONAL REVENUE  
(Taxation Division)

The snow is all gone. Lilac buds are appearing which will mean sap buckets will disappear until next year.

Reserve the date of April 23 when the Boy Scout mothers will provide high-class entertainment for the public. This will be given in the evening, commencing around 8 p.m.

Mr. Jas. Nelson was taken to the Western hospital in Toronto April 2. Relatives from Belhaven visited him on Sunday and report his condition somewhat improved.

Gray Coach service continues through Belhaven until the lake-shore road improves.

Belhaven Women's Institute

will meet in the Community hall at 2.30 p.m., April 13, with Mrs. Andrews as program convenor. A pot-luck lunch will be served, all ladies providing.

The Institute family banquet in the hall on March 30 was a decided success with over 100 guests being served. Mrs. York, the toastmistress, ably filled her position and all toasts were proposed and responded to in a very interesting manner. After the banquet a social hour gave friends and neighbors a chance to renew acquaintances. A short but interesting program brought the evening to a close.

Miss Grace Hamilton will speak in Belhaven Community hall on Monday, April 12, from 10.30 a.m. until 4 p.m. All Insti-

tutes in North Gwillimbury are expected to be present. A pot-luck lunch will be served at noon — all ladies providing. Please plan to be present.

## RAVENSHOE

The Boy Scouts will hold their meeting at 7.30 p.m. in the church basement on Friday night.

Sunday-school and church service at the usual hour of 2.15 p.m. next Sunday.

Sympathy of the community is extended to Melville Traviss who had his wrist badly broken while sawing wood.

Mr. and Mrs. Ralph Holborn and Lynda visited Mr. and Mrs. Munro King of Willowdale on Sunday.

Mrs. Ted Breen spent a few days with Mr. and Mrs. Leslie Rose at Angus last week.

Miss Annie King, Newmarket, visited her mother and Mr. and Mrs. Will King during the holiday.

Mr. and Mrs. Fred Blizard spent Sunday with Mr. and Mrs. Oliver Blizard.

A number of our hockey fans took in the game at Barrie Monday night.

Mr. John Longhurst is visiting his brother who is ill at Zephyr.

The Era and Express is sold in Newmarket at Campbell's, Murray's I.D.A. Drugstore, Best's Drugstore, Hutchinson's, Myers,

## WORK BOOTS

## SCOTT'S SCRAP BOOK

By R. J. SCOTT

## SCRAPS

THIS DESIGN IS BROUGHT ABOUT BY OPENING UP THE SKIN WITH A SHARP STICK AND CONSTANTLY RUBBING IN MUD SCRAVED FROM AROUND THE ROOFS OF MANGROVE TREES.

## KETTLEBY

On Friday, April 9, the Community Club is sponsoring a euchre in S.S. No. 11 school. There will be good prizes and delicious refreshments. Everyone welcome.

Miss Freda Clarkson, Lansing, and Mr. Donald McQuarrie, Maple, spent Sunday with Miss Jean Archibald.

Mrs. Carl Black and children spent a few days last week with her parents, Mr. and Mrs. Wm. Ingram, Maple.

Mr. and Mrs. Albert Tucker spent Sunday evening with Mr. and Mrs. John Mathewson, Stouffville.

Miss Margaret McCluer, Toronto, spent a few days of her holidays with Miss Grace Webster.

Miss Sara Barradell spent the

weekend with Miss Betty Webster.

Mr. Louis Cull, North Bay, spent the weekend at his home.

## KESWICK

Mr. Doug. Winch and friend, Mr. Gordon Creighton of Quebec, who are both at University of Toronto, were at the home of Mr. P. L. Winch Sunday evening attending Young People's study group.

Mr. and Mrs. Ken MacKinnon and daughter, Donna, were at the home of Mr. and Mrs. Archie MacKinnon Sunday.

Major and Mrs. D. E. Sprague were calling on Miss May Sprague on Sunday.

The Era and Express classifieds bring results.

## POTTAGEVILLE

On Sunday, April 4, a good crowd attended the United church when a layman service was held and conducted by Mr. Ray Marshall of Kettleby. The service opened with a sing-song of familiar hymns in which the congregation and choir participated, led by Mr. J. Black, with Mrs. Black at the piano.

The choir sang an anthem suitable for this occasion, followed by the reading of the lesson by Mr. Leland Patton. A violin solo, "The Holy City," was played by Mr. Marshall, accompanied by Mrs. Marshall. The guest speaker was Mr. Balmer of Toronto who spoke on stewardship. Mr. Marshall spoke on Missionary Maintenance. Rev. C. E. Cragg pronounced the benediction, closing an impressive service.

Rev. Harry Wilson will leave here May 1 to accept the pastorage of the Mount Brydges and Caradoc-Zion Churches of the Middlesex-Lambton Association. He has been pastor of King, Kettleby and Second-King Baptist churches for six years. Mr. Wilson has always been very popular in this community and will be greatly missed.

The many friends and neighbors of Mr. and Mrs. Harold Stone will be glad to know they are both progressing favorably after a lengthy illness.

Mr. Stone has been confined to his bed for the past 13 weeks following an attack of thrombosis. Mrs. Stone spent ten weeks in bed with a coronary angina.

Miss Thelma Meyers spent the weekend at her home.

Miss Lena Lockie and a friend spent a few days with Mr. and Mrs. James Lockie.

IS 90 YEARS OLD

On Saturday, April 10, Mr. Benjamin Armstrong, Zephyr, will celebrate his 90th birthday. Mr. Armstrong is hale and

Seek Action  
On Vandorf Subway

The C.N.R. subway at Vandorf on the county highway that runs to Toronto, east of Newmarket, was under discussion at a Toronto and York County Roads Commission recently. Chief engineer for York county, Harvey Rose, was instructed to arrange a hearing with the Board of Railway Commissioners for approval of alterations to the subway.

It was reported that the commission has received many complaints of conditions and chairman J. Kingsley Graham said the subway was a bottleneck and a threat to traffic. He said that the Commission would be willing to attend the hearing if the Railway board wished it to be held in Ottawa. The subway was planned by railway officials.

Mr. Rose said that after the hardest winter in ten years, much of the work on county roads would be confined to surface patching.

St. Andrew's W.M.S.  
Meet Wednesday

Newmarket — The meeting of the Women's Missionary Society of St. Andrew's Presbyterian church was held at the home of Mrs. Wm. Rosamund on April 7 with Mrs. M. E. R. Boudreau presiding. The Scripture readings were taken by Mrs. Wm. Dixon and Mrs. John Hodge. Mrs. Zuefeldt of Richmond Hill and Mrs. E. Williams of King, presbytery officers, gave short talks.

The offering was dedicated by Mrs. Roy McDonald and Miss Margaret Gilmour played a piano solo which was enjoyed by all. Following the business meeting lunch was served.

Trinity W.A. Sees  
Pageant Of Fashion

Newmarket — The regular monthly meeting of the Women's Association of Trinity United church was held on April 1 in the Sunday-school room. Mrs. J. E. Morris presided and the Scripture reading was given by Mrs. Elman Campbell. There was a large attendance.

Mrs. Thomas Gillespie sang two selections accompanying herself at the piano. A Pageant of Fashion depicting the styles in women's apparel since 1400 to the present day, was presented under the auspices of Lever Bros. The fashion show was accompanied by a witty commentary and was greatly enjoyed. The next meeting will be held on Thursday, May 6.

Newmarket — Costs for the removal of snow from Newmarket streets this last winter totalled \$2,105.92, according to a report from Councillor Frank Bowser, chairman of the road and bridge committee, to the town council on Monday night.

The flavor of honey varies with the different flowers from which

## DOWN THE CENTRE

With AR HULSE

Doug May and Hal Rogers, the goldust twins of North York softball, will shortly assemble the clans for an unscrambling of the present undefined mushball picture. Nary a floodlight in the district for 1948 is a certainty. Langstaff, headed by Fred Morris and with all of last year's team available, should be able to really go places this year. Make no mistake about it, Morris and his associates will come up with an even better team than last year. Richmond Hill will not likely field a team this season. Charlie Ryan and his veterans have about reached the retirement stage and there are no younger players coming up. Red Castles and Andy O'Neil are hotfoot for a strong Aurora team and they can attain that if they will use the "accent on youth" motif as exemplified by the addition of Loring Doolittle, Mickey Sutton and Bill Gilkes last year.

Jack McDonald is puffing quietly on a stogie and wondering what will happen in canaltown. "Ceegars" and his cohorts will be back in the league. McDonald is definitely ready to abandon O.S.A. ball. An all-North York championship is suggested in this corner last year, is endorsed by May, Rogers, Morris and McDonald. We would like to hear from Glad Lloyd and Bob Moody, Schomberg, Johnny Dew, King, and all the lads from the south-west sector, as well as Howard Morison and his Lake Simcoe league which stretches from Pine Orchard to Zephyr, and the Markham twp. Willowdale, salients about the formation of "our own" show, Simcoe county has such a set-up and we are certain that inter-county play-offs can be arranged.

Up north the boys are about ready for the old York-Simcoe set-up and they too realize the non-profit, waste-of-time connection with O.S.A. play-offs. The time is ripe for the formation of a nice, compact, money-making league with proper grading and rating of teams that will satisfy all. The spade work needs to be done right now. Nuff sed!

Did you note that our old friend, ex-Aurora boy Douglas Smith, was elected vice president of the Ontario Softball Association at the Good Friday meeting in Kingston? Smith, brother of Frank Smith, Aurora, has really done a swell job and is definitely headed for the president's chair.

Wes Niles, former moundsman for Newmarket Redmen, was picked on the all-star Ford York armory indoor softball team. Wes saw action last Saturday with the university armory stars and acquitted himself proudly.

Whitney Bone and Don Smith were the lads from the Hoffman intermediate hockey club who caught the eyes of the sports experts up north. Both boys were picked twice for the second all-star intermediate club. On the subject of all-stars, we'll be publishing our annual selections next week.

Junior hockey picture for next winter presents Stouffville icking a junior D team along with Aurora and Newmarket, which means entire homebrew clubs and Unionville and Markham will be entries too, with their status in doubt but probably D. Bob Bang-gay, if he doesn't turn pro, is slated to mentor the Unionville club and Chuck McCarthy will return to coach Markham with the old reliable A. W. Lawton back in harness in the cause of youth. Dougie Moore, the 16-year-old netminder of Stouffville juniors, is slated for a trial with Guelph Biltmores, but will probably be back for another year in these parts. Polly Minton, who tied for scoring honors over the regular season with Keith Jewitt, will also get a junior A trial but we're not saying where. Minton scored 18 goals and 20 assists in the regular season. Jewitt, who is too old for junior next year, had 27 goals and 11 assists. It's interesting to note that in the play-offs, Jewitt scored nine goals and had one assist, while Minton had only one goal and four assists. That in itself is some indication of the reason why Stouffville faded in the junior picture.

"Now it can be told" was the heading of a story in the Stouffville Tribune recently, which alleges that Unionville juniors were tossed out of the O.H.A. a month before the start of the local junior C group play-offs. We speak for George Haskett, too, when we say that if this was so, neither of us knew it and we weren't beating the gums or drums for the hockey clubs concerned to milk the fans of admission money to a series that had no foundation. While the story may have been a news "swoop" it would have been only proper to bring the whole thing into the light of day at the time than wait until he series was ended. Re-hashing the past season will not do much good and certainly won't return the money expended on something that was only spurious in nature. We merely want to make it clear that we weren't pulling punches and if we had known in time, the actual facts would have been placed before you then. Goodness knows the public suffered enough having to watch Unionville vs. Newmarket and a Unionville vs. Aurora series without it meaning anything in fact. The managements concerned and the O.H.A. can't win friends and supporters that way.

It was really April Fool Day last Thursday for our good friend, Charlie Rowntree, as Sutton Greenshirts eliminated Woodbridge from the O.R.H.A. senior series. The day previously, Charlie had celebrated a birthday and it would have been the best he could have received for his boys to win. Charlie can take consolation, however, from the mighty fine performance of Son Rowntree in the series and from his unblemished reputation of always having a contending club which plays clean, hard-fighting hockey.

Terry Bloch, who was the outstanding performer for Newmarket camp mercenaries in the 1946 series, played on that Son senior club winners of the N.O.H.A. and eliminated from the Allan Cup playdowns by Hamilton Tigers. Ronnie Rowe, former Markham junior, was moved up from the New York Rovers amateur club to play with Rangers in the N.H.L. play-offs and he acquitted himself well. Rowe, once the property of Toronto Leafs, has played amateur, minor pro and N.H.L. all in one year with excursions up and down as his services were required. The present hockey situation in such matters is both "amoozin and confusin". Enio Sciliszzi, former Milton junior who played against Rowe in the district junior group, also played against him in the N.H.L. play-downs as a member of Detroit Red Wings. Elmer Ferguson, Wes McKnight and the rest of the hot stove league looked gauche in the first game Enio played in the N.H.L. which was against Toronto. They couldn't pronounce his name, failed to know he was an Italian-Canadian lad from Milton, or anything about his hockey history and vaguely called him from "out west". Ho hum, guess even the experts get stumped at times. In 1943 there were no less than three Sciliszzi brothers playing for Milton and th club went to the O.H.A. B finals against Port Colborne. The year previous they took the junior C championship.

### AURORA MILL RATE

(Continued from Page 1)

mated figure. The council is now relieved of responsibility for the building and as a result of the increased official grant, the local board receives a larger provincial grant.

Aurora fire brigade receives \$1,788.87, which will enable the brigade to pay the chief \$250, each man close to \$100, as well as special bonuses to the lieutenant and mechanic. The municipality will now receive the full payment from outside fire calls and no rebate will be given the brigade who formerly received one-half of the outside call fees.

Other grants made were: Aurora Horticultural Society, \$50; Aurora Agricultural Society, \$100; Aurora Lions Boys' Band, \$250; Aurora V.O.N. committee, \$600; York Musical Festival, \$25; A grant to Aurora branch 385, Canadian Legion building fund was not provided for and left for

### SCOUT NEWS

The regular meeting of the Newmarket Boy Scouts will be held Thursday. On Friday, April 2, the Scouts held a dance. Most of the boys brought girls although a few came stag. Six Girl Guides were kind enough to come. An enjoyable evening was spent by all. The Scouts are planning more of these dances.

further consideration because of the possibility of the conflict in building grants in the municipality, pending conferences.

### Three Centres Share Badminton Honors

Honors were evenly distributed among Aurora, Newmarket and Richmond Hill badminton teams in a tournament at Pickering College last Saturday. Harry Boyd and Keith Nisbett of Aurora captured the men's doubles crown, disposing of Charles McLeod and Jack Poppitt in the final match.

Phyllis Vale and Bob Yates of Newmarket captured the mixed doubles defeating Harry Boyd and Mary Fry of Aurora in the final match. Two Richmond Hill teams fought the deciding match in the Women's doubles with Phyllis Angle and Jessie Yerex defeating Eleanor Bick and Peggy Endean.

Each winner will be presented with a silver cup later in the spring. There were 34 entries and the North York Badminton League hopes to hold another such tournament next year.

### News n' Views

By GEO. HASKETT, JR.

#### Vets Softball

The Vets are ready to march onto the softball diamond at the call of "Play Ball." The Newmarket Veterans' Softball Club, as it will be known this season, held their inaugural organization meeting Monday night. It was evident from the get-together that the Vets are ready to defend their laurels in 1948, that is, to defend the North Yonge St. Softball championship and the J. L. Spilllette trophy, emblematic of that honor, as well as the Geo. Allison and Tom Birrell trophies that they annexed last season. With Doug May, past president of the organization, in the chair, proceedings got underway with the election of officers for 1948. The following slate was elected: pres., Charles VanZant; vice-pres., Fred Dillman, sec.-treas., Harry Boag; executive, Elwood Apps, Mickey Smith, Bob Peters and Alex. McIntosh. The selection of a coach and manager was left over until a future meeting. It was also indicated that plans would be drawn up for a softball tournament on the local diamond for May 24.

Prospects for the coming season look bright. All of last year's championship squad will likely be available for duty, with the possible exception of first sacker Moe Walsh. The receivers will be headed by Chuck "Peaches" VanZant and Tod "Trapper" Mosier. The pitching staff appears to be intact with Bill VanZant, "Joint" McComb and Lefty Glover ready to wing 'em over the platter. Infielders will be headed by Bob Peters, Freddie Evans, Fred Dillman, Doug Eves and possibly an added starter, Joe Tunney, who probably may end up by being in charge of the drives at the hot corner. To take care of any stray flies in the outer pasture, Normie Legge, Mickey Smith, Harvey Gibney and Harry Boag are ready and willing to don the softball togs. First practice? ? ?

#### Ladies' Softball

Manager Frank Courtney of the Newmarket Ladies' softball squad has an organization meeting in the offing with date possibly a week from tonight. Practically all of last year's Ontario finalists are set to take another whirl on the diamond. Manager Courtney may come up with a couple of surprise nominees.

President Angus West of the Newmarket Industrial Softball league is awaiting advice from the clubs of last year. In all probability a meeting will be called in the near future. Three teams could probably be rounded up with entries from Hoffman's, Davis Leather and Office Specialty. International Wood, which completed the league last summer, appears to be out at this stage. Who will make a fourth? Why not the Town Merchants, Dixon Pencil Co. using town players, or perhaps the Legion, or the Lions? Let's have another industrial team. Who is ready to step onto the ball diamond against the factory squads?

Baseball clippings: Stan. Winger, versatile catcher of last year's junior baseball Redmen, has an offer from Waterloo of the Inter-County League to play there this season. "Wing" could make good in that company too, we believe, as he has proved one of the steadiest receivers in the North York Baseball League. "Wing" had the matter under consideration at last writing, but likely will pass up this opportunity in favor of remaining in the Canal Town.

Hockey's last whirl? Bill Mulholland, who guarded the twine cage for the Newmarket Gapco Juniors, was voted most valuable player on the team by his teammates at a recent get-together. Mulholland will receive the trophy from the O.H.A. which goes to the most valuable player on each team performing under the O.H.A. banner this season. Frankie Carr earned the honor for the Intermediates so both netminders were honored locally. Ken Broughton and defence operator Bob Walker tied for second spot in the voting.

Pictured above is Charles F. Milted, Queensville, with a catch of trout he got at Jackson's Point through the ice. The one on the left weighs 6½ lbs. and the one on the right is 10 lbs.

## Discuss Town 'Ball Tuesday, April 15

By GEO. HASKETT, JR.

Hear Ye! Hear Ye! all you lads and lassies interested in softball and baseball. Whether it is bantam, midget, juvenile, junior or intermediate, the Newmarket Recreation Commission would like your views and ideas on their program for 1948. The meeting is called for next Tuesday, April 13, at 7:30 p.m., in the council chambers atop the fire hall. All interested in the diamond sport will be welcome.

The Recreation Commission Tuesday evening had a busy session with various delegates from the softball, baseball, a trio of delegates from the Lonesome Polecats Motorcycle Club, as well as a deputation from the Boy Scouts, and last but not least (hold your hats for this one) Harold Gwyn put forth a request for lacrosse.

The Lonesome Polecats Motorcycle Club made a request to have the track at the fair grounds put into shape. The idea is that during the summer months motorcycle races could be run off, either as a separate event or in conjunction with other activities. The matter will be investigated by the council

and "The Polecats" were asked back to the next meeting.

Softball and baseball delegations representing the Vets and Industrial League as well as the junior and midget baseball clubs, after considerable discussion, were asked to return next Tuesday when more concrete plans can be settled.

Boy Scouts made a request for help in connection with starting a softball league for boys ranging from 12 to 16. It was thought a six-team league could be formed. The Recreation Commission was behind the project wholeheartedly.

Will Newmarket once again have a lacrosse team? Harold Gwyn asked if something could be done in this respect. The equipment was available, the council reported, and after the lacrosse club was organized, it was thought the rink could be obtained. Mr. Gwyn was given the names of several old-time lacrosse stars to contact in connection with coaching. "Stogie" Hodgins, "Kid" Harman and Bert Peterman were mentioned in this connection. Cheerio until ball night, Tuesday, April 13. The time 7:30 p.m.

## Moot Sale Of Arena For Artificial Ice

Newmarket—The property and finance committees of the town council report on the advisability of the sale of the Newmarket arena providing artificial ice is installed by purchaser following the passage of a resolution to that effect Monday night.

The resolution followed a discussion on an offer to purchase the arena and install artificial ice by Cliff Gunn. Councillors generally indicated a willingness to sell the arena if artificial ice were installed.

Deputy-Reeve J. L. Spilllette expressed doubts as to the financial feasibility of artificial ice in Newmarket, citing the difficulties found in other centres. "Definitely, the rink can't be a financial success when operated only five or six months even with artificial ice," he said. "There would have to be year-round operation."

Councillor Tom Birrell said he was in favor of the sale of the arena providing artificial ice was installed by the purchaser. R. C. Morrison agreed, saying that the rink could be better operated by a private company. Councillor Aubrey Seythes said that the arena was a growing liability of the town and it would be best to sell it. Councillor B. A. Budd agreed. Councillor Frank Bowser was doubtful of whether it would pay if artificial ice were installed.

Mayor Vale said that whether the public should be asked to approve or disapprove the sale of the arena was a matter of policy. "I can't forget that the town voted five to one in favor of the purchase of the arena," said Mr. Bowser.

"We were told that it would pay for itself and it hasn't," said Reeve Arthur Evans.

PREPARE FOR TENNIS The Newmarket Tennis club is getting ready for the coming season, according to vice president Charlie Lee and a meeting is being planned for the near future. The club welcomes anyone who is interested in tennis to consider joining.

A society has been formed in Missouri to attempt to discourage the use of profanity.

## ALLEYS

By PIN-BOY

Last week the teams of the town men's league were battling it out in the play-offs with Roy Gibson and Charlie Tugwell doing some good bowling. Bowlers came out on top with a 3,360 score. Roy and Charlie bowled well over the 700 mark. The Clover Kickers took second money with 3,185. The Specialty team had an off-night after leading the league all season and could finish no better than fourth.

Here's something. In the play-off, Ted Robinson's Legion team which trailed the league all season, came roaring through with flying colors to roll a score of 3,476. Every man on the team bowled well over the 600 mark. On Friday night, April 9, at 7 p.m. the town boys will be enjoying themselves at a big banquet in the Legion Hall.

Helen Coveney led the Thursday night girls last week with 165, 230, 198 for 593. Edna McGrath pulled into second place with 248, 147, 144 for 539. Catcher Mona Dean spearheaded the Monday night girls with 220, 161, 268 for 649. Mimi Giovannelli with 154, 269, 181 for 604 was followed closely by Phyl Osborne (second base) 194, 229, 180 for 603. Hester Clarke took 557. Ella Wilkins 562 and Wreatha Legge 544.

The Sangamo crew was led by Bob Greenfield this week with 616 and 216 high single. Wilf Jarvis knocked down 603 (217). Jean Harmon of the girls took 496 (190) and Mrs. Gardiner 464 (161).

### Legion Sponsors Series Of 'Fishing' Talks

Newmarket—The Newmarket branch of the Canadian Legion is sponsoring four weekly lectures and demonstrations on fly and bait casting, rod making and fly tying. There will be moving picture and talks on tackle. The Toronto Anglers' and Hunters' Association are providing the instructors for the meetings which begin on April 16 at the Legion Hall. The meetings are open to all followers of Isaac Walton, regardless of age or sex.
